The Love Songs of Elton John Cassell

INSTANT #1 NEW YORK TIMES BESTSELLER In his first and only official autobiography, music icon Elton John reveals the truth about his extraordinary life, from his rollercoaster lifestyle as shown in the film *Rocketman*, to becoming a living legend. Christened Reginald Dwight, he was a shy boy with Buddy Holly glasses who grew up in the London suburb of Pinner and dreamed of becoming a pop star. By the age of twenty-three he

was performing his first gig in America, facing an astonished audience in his bright yellow dungarees, a star-spangled T-shirt, and boots with wings. Elton John had arrived and the music world would never be the same again. His life has been full of drama, from the early rejection of his work with song-writing partner Bernie Taupin to spinning out of control as a chart-topping superstar; from half-heartedly trying to drown himself in his LA swimming pool to disco-dancing with Princess Diana and Queen Elizabeth; from friendships with John Lennon, Freddie Mercury, and George Michael to setting up his AIDS Foundation to conquering Broadway with *Aida*, *The Lion King*, and *Billy Elliot the Musical*. All the while Elton was hiding a drug addiction that would grip him for over a decade. In *Me*, Elton also writes powerfully about getting clean and changing his life, about finding love with David Furnish and becoming a father. In a voice that is warm, humble, and open, this is Elton on his music and his relationships, his passions and his mistakes. This is a story that will stay with you by a living legend.

Who Is Elton John? The Rosen Publishing Group, Inc

'The rock memoir of the decade' Daily Mail In his first and only official autobiography, music icon Elton John reveals the truth about his extraordinary life, which is also the subject of the smash-hit film *Rocketman*. The result is *Me* - the joyously funny, honest and moving story of the most enduringly successful singer/songwriter of all time. _____ Christened Reginald Dwight, he was a shy boy with Buddy Holly glasses who grew up in the London suburb of Pinner and dreamed of becoming a pop star. By the age of twenty-three, he was performing his first gig in America, facing an astonished audience in his bright yellow

Elton John : rocket man Wise Publications

The true story of Elton John's meteoric rise from obscurity to worldwide celebrity in the weird, wild 1970s, based on rare one-on-one interviews with the Rocket Man himself—now the subject of a major motion picture. In August 1970, Elton John achieved overnight fame with a rousing performance at the Troubadour in Los Angeles. Over the next five years, the artist formerly known as Reginald Dwight went from unheard of to unstoppable, scoring seven consecutive #1 albums and sixteen Top Ten singles in America. By the middle of the decade, he was solely responsible for 2 percent of global record sales. One in fifty albums sold in the world bore his name. Elton John's live shows became raucous theatrical extravaganzas, attended by all the glitterati of the era. But beneath the spangled bodysuits and oversized eyeglasses,

Elton was a desperately shy man, conflicted about his success, his sexuality, and his narcotic indulgences. In 1975, at the height of his fame, he attempted suicide. After coming out as bisexual in a controversial Rolling Stone interview that nearly wrecked his career, and announcing his retirement from live performance in 1977 at the age of thirty, he gradually found his way back to the thing he cared about most: the music. Captain Fantastic gives readers a behind-the-scenes look at the rise, fall, and return to glory of one of the world's most mercurial performers. Rock journalist Tom Doyle's insider account of the Rocket Man's turbulent ascent is based on a series of one-on-one interviews in which Elton laid bare many previously unrevealed details of his early career. Here is an intimate exploration of Elton's working relationship with songwriting partner Bernie Taupin, whose lyrics often chronicled the ups and downs of their life together in the spotlight. Through these pages pass a parade of legends whose paths crossed with Elton's during the decade—including John Lennon, Bob Dylan, Groucho Marx, Katharine Hepburn, Princess Margaret, Elvis Presley, and an acid-damaged Brian Wilson. A fascinating portrait of the artist at the apex of his celebrity, Captain Fantastic takes us on a rollicking fame-and-drug-fueled ride aboard Elton John's rocket ship to superstardom. Praise for Captain Fantastic "Veteran rock journalist [Tom] Doyle continues his foray into the 1970s music scene with a compelling profile of an unlikely rock star. . . . In chronicling Elton John's stratospheric rise to fame, replete with platinum records, increasingly outlandish stage shows, and mountains of cash, the author deftly manages to keep his subject in sharp focus. Based on hours of one-on-one interviews with Captain Fantastic himself, this breezy

yet comprehensive biography demonstrates what it was like for the talented musician to churn out an impossible string of hit records. . . . A great way to better understand the man behind the garish glasses and platform boots.”—Kirkus Reviews “In this adoring and candid set of fan’s notes, music journalist Doyle (Man on the Run) draws on interviews with John and his colleagues, especially his writing partner, Bernie Taupin, to capture the meteoric rise and fall of the man who released at least one album every year of the 1970s. . . . This energetic book . . . makes a convincing case that John reached his peak and made his best music in the ’70s.”—Publishers Weekly “A breezy and surprisingly poignant romp through a decade, and a career, that effectively invented modern celebrity culture.”—Peter Doggett, author of *You Never Give Me Your Money: The Beatles After the Breakup*

Elton John by Terry O'Neill Hal Leonard Corporation

By 1976, Elton John was the best-selling recording artist and the highest-grossing touring act in the world. With seven #1 albums in a row and a reputation as a riveting piano-pounding performer, the former Reggie Dwight had gone with dazzling speed from the London suburbs to the pinnacles of rock stardom, his songs never leaving the charts, his sold-out shows packed with adoring fans. Then he released *Blue Moves*, and it all came crashing down. Was the commercially disappointing and poorly reviewed double album to blame? Can one album shoot down a star? No, argues Matthew Restall; *Blue Moves* is a four-sided masterpiece, as fantastic as *Captain Fantastic*, as colorful as *Goodbye Yellow Brick Road*, a showcase for the three elements--piano-playing troubadour, full orchestra, rock band--with which Elton John and his collaborators redirected the evolution of popular music. Instead, both album and career were derailed by a perfect storm of circumstances: Elton's decisions to stop touring and start his own label; the turbulent shiftings of popular culture in the punk era; the minefield of attitudes toward celebrity and sexuality. The closer we get to *Blue Moves*, the better we understand the world

into which it was born--and vice versa. Might that be true of all albums?

The Elton John Piano Solo Collection (Songbook) Ballantine Books (Jazz Play Along). For use with all Bb, Eb, C, and Bass Clef instruments, the Jazz Play-Along Series is the ultimate learning tool for all jazz musicians.
