“Magisterial” (Pankaj Mishra, *The New York Review of Books*) and “to Urdu fiction what *One Hundred Years of Solitude* is to Hispanic literature” (TLS) The most important novel of twentieth-century Urdu fiction, Qurratulain Hyder’s *River of Fire* encompasses the fates of four recurring characters over two and a half millennia. These characters become crisscrossed and strangely inseparable over different eras, forming and reforming their relationships in romance and war, in possession and dispossession. *River of Fire* interweaves parables, legends, dreams, diaries, and letters, forming a rich tapestry of history and human emotions and redefining Indian identity. But above all, it’s a unique pleasure to read Hyder’s singular prose style: “Lyrical and witty, occasionally idiosyncratic, it is always alluring and allusive: Flora Annie Steel and E. M. Forster encounter classical Urdu poets; Eliot and Virginia Woolf meet Faiz Ahmed Faiz” (*The Times Literary Supplement*).

This engaging series of childhood recollections tells about an ideal school in Tokyo during World War II that combined learning with fun, freedom, and love. This unusual school had old railroad cars for classrooms, and it was run by an extraordinary man—its founder and headmaster, Sosaku Kobayashi—who was a firm believer in freedom of expression and activity. In real life, the Totto-chan of the book has become one of Japan’s most popular television personalities—Tetsuko Kuroyanagi. She attributes her success in life to this wonderful school and its headmaster. The charm of this account has won the hearts of millions of people of all ages and made this book a runaway bestseller in Japan, with sales hitting the 4.5 million mark in its first year.

Routledge Handbook of Indian Cinemas Prabhat Prakashan

For over a year, the photographer and journalist Gabriele Galimberti visited more than 50 countries and created colorful images of boys and girls in their homes and neighborhoods with their most prized possessions: their toys. From Texas to India, Malawi to China, Iceland, Morocco, and Fiji, Galimberti recorded the spontaneous and natural joy that unites kids despite their diverse backgrounds. Whether the child owns a veritable fleet of miniature cars or a single stuffed monkey, the pride that Galimberti captures is moving, funny, and thought provoking.

We exist. We like. We love. We lose. We grieve. We reflect. We move on. We learn. Finally, we live. Each verse and shayari in my poetic endeavour is a sincere, raw and honest reflection of my life’s greatest learning’s, purest thoughts, and deepest emotions. Written from my heart (dil se), these poems are seemingly ordinary yet powerful everyday emotions, thoughts and situations that we experience but tend to not necessarily ponder upon as we get preoccupied with the mundane aspects of our lives. Based on a combination of intimate observations of the world and deeply personal experiences of the poet, these poems and shayari’s cover a myriad range of topics from approaching life with the right mindset to taking control of our circumstances, to living in the moment, to taking risks to succeed in life, to finding faith, to experiencing and exhibiting love, compassion, joy ,fear, worry , to dealing with sorrows and failures. Underlying the message throughout the various sections in the book is a heartfelt message of optimism and positivity. Compiling them over a __ of years, the poet wishes for the readers to pause, assimilate and most importantly relate to her thoughts, hoping to enable a community of shared dialogue and interaction. For when all else fails, there are words. And in the end, words will set us free.

Mental, neurological, and substance use disorders are common, highly disabling, and associated with significant premature mortality. The impact of these disorders on the social and economic well-being of individuals, families, and societies is large, growing, and underestimated. Despite this

burden, these disorders have been systematically neglected, particularly in low- and middle-income countries, with pitifully small contributions to scaling up cost-effective prevention and treatment strategies. Systematically compiling the substantial existing knowledge to address this inequity is the central goal of this volume. This evidence-base can help policy makers in resource-constrained settings as they prioritize programs and interventions to address these disorders.

Since its release on September 1, 2006, Lage Raho Munna Bhai has been watched by millions, broken box-office records, won unprecedented praise from the masses and critics alike, and most importantly, forced a nation of one billion people and the world's largest democracy to revisit their much misunderstood icon, Mahatma Gandhi. Following the release of the film, there has been a four hundred percent increase in the sale of literature about Gandhi. Schools and universities have introduced courses on Gandhigiri - a phrase from the film that has become a part of India's collective consciousness. Websites, fan clubs, discussion forums, and citizen groups have sprung across the nation to discuss the film's unique ideas. The Washington Post called the film, "A phenomenon that made Gandhi a pop icon." Amazingly, the movie that has inspired such an astonishing response is an unassuming comedy. A gangster has hallucinations that he can see Gandhi! With this simple premise, the movie explores the relevance of Gandhian ideals in the contemporary world beleaguered by violence and hate, while never forgetting to be, as The Guardian points out, "A magnificent entertainment."

India is the largest film producing country in the world and its output has a global reach. After years

of marginalisation by academics in the Western world, Indian cinemas have moved from the periphery to the centre of the world cinema in a comparatively short space of time. Bringing together contributions from leading scholars in the field, this Handbook looks at the complex reasons for this remarkable journey. Combining a historical and thematic approach, the Handbook discusses how Indian cinemas need to be understood in their historical unfolding as well as their complex relationships to social, economic, cultural, political, ideological, aesthetic, technical and

institutional discourses. The thematic section provides an up-to-date critical narrative on diverse topics such as audience, censorship, film distribution, film industry, diaspora, sexuality, film music and nationalism. The Handbook provides a comprehensive and cutting edge survey of Indian cinemas, discussing Popular, Parallel/New Wave and Regional cinemas as well as the spectacular rise of Bollywood. It is an invaluable resource for students and academics of South Asian Studies, Film Studies and Cultural Studies.
