cuts to peek through and find them yourself This introduction to colours integrates the reader's surroundings into carefully considered die-cut silhouettes, providing children the space to visually experiment. Readers will gaze around the room through a cockerel-shaped hole in search of something red, through a sun-shaped hole for something yellow, through

squiggly worms for something pink.

Designed for the youngest readers, this sturdy board book features 12 die-cuts made to flip and carry on a colour-seeking mission.

The Overnight  
Hassell Street Press

Kids love origami—and what could be cooler than transforming a piece of paper

into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies.

Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars.

Like *The Joy of Origami and Origami on the Go*, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's

a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique

folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestsellers The Strange Case of Origami Yoda and Darth Paper Strikes Back, and is scheduled to

be published at the same time as Angleberger's upcoming book, The Secret of the Fortune Wookiee. One Snowy Rescue When Little Hedgehog's nest is blown away he wraps up warmly and sets off for Badger's house. But on his way Hedgehog meets lots of animals shivering in the snow. One by one, he gives them his cosy gloves, hat and scarf. But will Little Hedgehog

make it through the storm to safety? Press the page and hear the noise in this wonderfully noisy story! Mouse and the Moon Katja Haas introduces the art of beautiful writing, presenting the different types of lettering, materials, all the basics principles and practical tips and tricks for your own designs. Templates for special occasions, practical exercises, and ideas for decorative

designs and slogans turn this instruction book into a creative treasure trove. Hand lettering gives you a little time for relaxation with pen and paper. So grab your pens and start lettering!

### **One Special Day**

Nino, the little firefly, glows brightly each night. Only the moon shines brighter. But what happens if the moon gets tired? Can Nino make his dream come true?

### **First Sticker Book: Nature**

Oh dear! What a bad mood Babbity is in! His friends try everything to cheer him up: cloud-gazing, silly tricks, even rolling down the hill. Until at last Babbity's bad mood disappears.

But where could it have gone?

### One Perfect Day

The Red Tea Detox: It's a life-changer! I'm Liz, and I was once tired, sick, and overweight. I was getting old far before my time.

Natural detox

methods brought me back to health, and I am 100 percent confident that if you apply the methods I've outlined here, you will be well on your way to living in the body of your dreams – a body that feels great and looks fantastic. From the first day of this detox forward, you'll notice that the numbers on the scale decrease while your body shrinks and your clothing fits

better than it may have in quite some time. Besides dramatically improving your appearance, you'll feel so energetic that people will wonder about the changes you made! For many who were once just like you, these immediate, significant improvements in appearance and overall well-being result in a higher level of confidence that can lead to a whole new outlook on life. Red tea has helped me enjoy

better health and greater vitality, and I sincerely hope that you share my experience. So, what's The Red Tea Detox? It was a program created in response to the countless "mainstream" diet programs that do nothing more than cost money and time while delivering minimal results, if any. After reading well over 500 medical studies, poring over dozens of diet books, and reviewing hundreds of

diets systems, programs, gadgets, pills, and potions, I created a brand-new program. The Red Tea Detox is the result of more than a decade of research and almost three years of realworld testing. It's not one of those fad diets that works well for some and not others; instead, it's a complete program that works quickly, for everyone. If you've ever found yourself falling asleep while trying to make your

way through  
medical  
research and  
other dry,  
boring  
information  
found in some  
diet books,  
you can be
