 One morning out of a deep sleep I was woken up by a loud voice with the words,"Arise, Arise and Hear the Clarion Call." This turned out to be the Ascended Master Saint Germain. Over the years I have had many conversations with this highly advanced soul who is my Master Teacher. This book is a selection of many of these conversations. The information is life changing and may make readers re- consider the they have thought about life, death, health, and family issues. Jane Halliwell Green is a spiritual medium working with people all over the world. The power of these messages has brought a deeper understanding of the connection we all have with the invisible realm which loves and surrounds us every day.

 Michael's Clarion Call Award-Winning Finalist 2013 International Book Awards "You are all celebrated as the great pioneers creating this great Golden Age. You each hold the light, and as your Light grows, you become human Light bearers who raise the vibration of the planet so high, that you change it forevermore. This is why you are here." Archangel Michael Michael's Clarion Call serves as a compelling guide to those who are choosing love during these transformational times, as we move rapidly into the Golden Age. Through messages channeled from Archangel Michael by author Mary Soliel, which evolve into conversations between them, you will learn how to lead from your heart, clear away the old, love and forgive without condition, connect with your angels and synchronicity, and so much more. You will also receive exciting previews of what life will be like as Heaven is created on earth; such as the changes in the body, telepathic abilities, and creating from your soul's desires. "Reading this book is like getting a huge hug from the heavens! Michael's Clarion Call is filled with wisdom, insights and practical techniques to let life feel easier, more joyful and more prosperous, too. Most of all, this wonderful book is filled with delicious, soothing, nurturing and uplifting love. Sue Elliott, Editor-in-Chief, Law of Attraction Magazine Excerpts: "The old ways are not going to work anymore, and the Clarion Call is being sounded as the time of decision-making is here." "The earth is not used to this, no being is used to

this, and the move toward peace will send shock waves of love all over the planet. Every thing will be filled with high levels of love and Light that will create a point of no return." "Your heart is the gateway to spiritual growth, not your mind. Feel your way into life. Feel your way into communicating with others. Feel your way into resolving conflicts. Feel your way into every part of your daily life. When you do this, you begin to see how much wisdom your heart holds." "You will not receive more than you can handle. Your bodies are designed to cooperate and evolve." "You will gain much joy, and benefit in endless ways, by pushing the envelope in how you connect and work with your angels."

"Misunderstandings vanish when you become telepathic. Imagine a world where 'voices' are truly heard." "Every rock, every tree, every person, every animal, every thing will be of a higher vibration. What does this mean? It means that what moves into the fifth dimension, this Heavenly created earth, belongs there. If it's not there, it either chose not to be there, or could not possibly exist in a higher dimension." Archangel Michael ABOUT THE AUTHOR Mary Soliel is an author, visionary, spiritual teacher, and self-described "synchronist." Her three-time award winning book, I Can See Clearly Now: How Synchronicity Illuminates Our Lives, is a groundbreaking exploration of the phenomenon of synchronicity. As a channel for Archangel Michael, the publishing of this book marks Mary's new beginning as a teacher and messenger to help to globally raise awareness of the Golden Age before us. The New Sun, which features more life-changing and pioneering inspiration from the Archangel, including wisdom from several guest teachers in the Heavenly realms, is considered to be a sequel to this book. Both Michael's Clarion Call and The New Sun are award-winning finalists in the 2013 International Book Awards. Mary is available for U.S. and international speaking engagements and workshops, and radio/print/television interviews. Please visit her at www.marysoliel.com.

The culture of peace and non-violence is essential to human

existence, development and progress. In 1999, the United Nations General Assembly adopted by consensus the norm-setting, forward-looking "Declaration and Programme of Action on a Culture of Peace". Governments, institutions, NGOs, other civil society entities and, in particular, individuals – all are encouraged therein to contribute to the global movement for the culture of peace. Related to this vision, this rich and varied dialogue discusses how the culture of peace can be achieved in the world. Based on the extensive personal and professional experiences of two high-profile thinkers and activists, they analyse the challenges unfolding at local, national and global levels and how these relate to humanity's quest for peace, human security and happiness. Although coming from very different positions – one a Buddhist philosopher, educator and leader; the other a UN diplomat renowned for his international work in peace, development and human rights – these interlocutors are united in their search for justice and better quality of life for all and their conviction that women and young people are the most effective means to achieving positive change in the world. The dialogue provides ideas on the key challenges that face our planet: poverty and deprivation, war and violence, nuclear weapons and small arms, climate change and environmental degradation, weak governance and financial crises, marginalization of women and alienation of youth and the relentless drive for materialism. They also invite us to consider how the culture of peace can be practically achieved through an individual, collective and institutional transformation. Recognizing that global citizenship, multilateralism, women's equality and value-creating education are central and inter-linked themes, this dialogue also underscores the inherent strength of spirituality, compassion, empathy, forgiveness, respect for diversity and empowerment that comes from the trials and tribulations of life.

THE SYNERMERGENCY Trafford Publishing

Is there a super-crisis? "The problems of the world total something greater than their sum" (Juan Fuentes 1992) THE SYNERMERGENCY, a state of supercriticality, or "synergistic emergency" existing between all crises on Earth, known and unknown. In response to this potential of total global super-crisis, this clarion call to anything but arms is the first to discuss the problems of totally interrelated crises, and sound a call to harmony for the Rainbow Warriors everywhere. Global citizen Juan Fuentes creates a new philosophical system that inspires the twentysomething generation into world-saving global evolution, moving dramatically beyond all previous ideologies and into the cyber age of holistic ecology. A paradigm for the 1990s, and for futurity, this brilliant novel's very positive message of rational understanding succeeds in bridging technology and nature, competition and cooperation, rights, and human responsibilities. Not merely concerned with environmental crises, THE SYNERMERGENCY focuses on eight global problem areas called holons, which include basic survival; economics; politics; education, technology, and nature; religion; spirituality and metaphysics; style, the arts, and aesthetics. ese holons, systems within systems, combine in synergy, building toward the collapse of systems, as people are forced to respond by literally making everything better everywhere for everyone in a total planet-healing process. All things considered, James Pacifico presents a new worldview unlike any suggested before. We are quite fortunate to have THE SYNERMERGENCY, the ultimate in utopian thought. ***** An Ecotopian Philosophical Novel by James Pacifico Because you accept the truth, others shall lie about you and slander your reputation. Because you seek light, others shall keep you in the darkness and hide what little truth they have from you. Because you love life and live love, others shall hate you and try to hurt you. You are Rainbow Warriors. You shall conquer the foe, Babylon, and your children shall solve all the problems of the Earth. You are glorious brothers and sisters in your battle with death and evil. You all shall be victorious!

If the Republican Party were choosing its nominee for President today, it would almost certainly be Ted Cruz - primarily as a result of the 21-hour speech he gave against ObamaCare in the United States Senate September 24th and 25th. Although the occasion of his speech was the effort to de-fund ObamaCare, the substance (which captured the attention of conservatives across the nation) was the call for politicians in Washington, D.C. to listen to their constituents and be more responsive. An online petition to that effect (maked clisten) has garnered more than two million signers to date. Instead of killing time, Senator Cruz used his time to lay out a compelling conservative agenda for the United States. The cover photo was taken by Bill Clark, a Senator Cruz was leaving the Senate after delivering his speech.

It is from within the kingdom of God, that you will be welcomed home, to speak with one voice, one heart, one love, and one consciousness. This is the clarion call, for those that have awakened, that have remembered. To stand united in this truth. So that the truth to the masses can, and will, set them free. It is time now for this truth to be revealed. To stand united as one voice. Separation is the biggest lie on the planet today.

Excerpt from *The Clarion Call: For Amendment Campaigns, Reform Clubs, Temperance Organizations, and Prohibition Camps* HE songs of the Silver Lake Quartette have been an inspiration to the cause of Temperance, and have given Prohibition a mighty uplift. The success of prohibition bells, and the demand for additional songs by this group of singers, have induced the publishers to send forth the clarion call. "Marconics - The Human Upgrade," is the story of a new multidimensional energy system that arrived on the planet at the end of 2012, marking the final phase of an operation by Galactic Founders to conclude the evolution of the human experience. "This is the Clarion Call, " "as all Spiritual journeys will culminate with the Ascension of mankind " "out of the limited belief systems and paradigms of fear " "that have enslaved humanity in the density of the material realm for eons. " "All will pass through the Karmic Gates as free souls, " "to traverse space without time, to create new realities with limitless potential through higher love and compassion. " The Spiritual Hierarchy is interceding to assist the many who struggle to maintain their own higher vibrations in Earth's planetary ecosystem, which has been disconnected from Source. Marconic Energy Practitioners are the 'Gate Keepers' and will facilitate the rapid integration of multiple bandwidths of harmonic resonance, or Higher Selves, within the human form, as our own Soul Identities descend to meet us on the Rainbow Bridge to guide us back up through the Star Gates to the Ascension Path we lost when Atlantis fell. Deities are returning to Earth to blend with their individualized incarnates; Spiritual Teachers, Guardians, Angels and Ascended Masters are integrating with their human counterparts in the Birth of the Avatar Race. The Avatars, Grace Elohim - Redeemer of Souls, and Archangel Ariel - Creator of Worlds, have returned, under Divine Directive, to gather the lost souls of Atlantis and return them home to Source. "As they move through the karmic Gates of Ascension towards Event Horizon it is left to you, our Gate Keepers, to ensure the progressive integration of higher harmonics which will raise them up like chariots and deliver them home." - Grace Elohim
