Routledge is proud to be re-issuing this landmark series in association with the International African Institute. The series,

published between 1950 and 1977, brings together a wealth of previously un-co-ordinated material on the ethnic groupings and social conditions of African peoples.

Concise, critical and (for its time) accurate, the Ethnographic Survey contains sections as follows: Physical Environment Linguistic Data Demography History & Traditions of Origin Nomenclature Grouping Cultural Features: Religion, Witchcraft, Birth,

Initiation, Burial Social & Political Organization: Kinship, Marriage, Inheritance, Slavery, Land Tenure, Warfare & Justice Economy & Trade Domestic Architecture Each of the 50 volumes will be available to buy individually, and these are organized into regional sub-groups: East Central Africa, North-Eastern Africa, Southern Africa, West Central Africa, Western Africa, and Central Africa Belgian

Congo. The volumes are supplemented with maps, available to view on routledge.com or available as a pdf from the publishers.

African Women's Unique Vulnerabilities to HIV/AIDS BRILL

Though more than 150,000 AIDS-related deaths have been reported worldwide and between 5 and 10 million people are now infected with its precursor, HIV-1, the deadly and relatively new AIDS virus is still a mystery. *AIDS and the Social Sciences: Common Threads*, an enlightening examination of the AIDS epidemic from the viewpoints of various social sciences, provides us with clues to that mystery. The essays' original research and firsthand accounts from social scientists offer an excellent overview of the research agendas and directions for a disease that is an increasing presence in our society. Sociologists, geographers, anthropologists, psychologists, social workers, and people in government agencies converge in this book to discuss the social, political, economic, legal, moral, and ethical issues related to AIDS. Their methods of approaching the study of AIDS range from a case study approach to survey research

to participant observation. Among the topics examined in this distinctive collection are the geographic origins of AIDS, the psychosocial aspects of AIDS, the impact of AIDS on women and children, and the federal funding patterns of AIDS-related research. One chapter traces the diffusion of the pandemic in major urban areas, smaller cities, and finally rural America. Another documents the devastating impact the disease has had on central and East Africa, some areas of which have as many as one in four adults who are HIV-infected. *AIDS and the Social Sciences* could serve as a primary or supplemental text for college courses and is an important resource for anyone interested in social science or public health.

 "Now that you are 18, you're going to skull 18 glasses of wine." That is how my 25-year descent into hell with alcohol started.

Over half my lifetime. I had watched my parents drink their life away throughout my childhood, and hated it. Yet, I followed the exact same path. This book is my life story, from my student years until the collapse of my family. It is the account of how dependency sneaked in. It is the real-life story of shame, lies, sadness, the loss of self-control, how alcohol impacted my personal and professional life, and the failed attempts to quit, until the one spur that led me to cold turkey. "This wonderful story should not only inspire those afflicted by the disease of alcoholism, but also educate those closest to him, and the public at large." Pr Laurent Karila, French addictologist and psychiatrist, spokesman of the association SOS Addictions. This story is the testimony of a man who does not claim he knows how to cure an illness that is still not completely understood, regardless of its prevalence in our society. But this book does convey a message of hope and positivism.

Gustave Flaubert (1821-1880) was an influential French writer who was perhaps the leading exponent of literary realism of his country. He is known especially for his

first published novel, *Madame Bovary* and for his scrupulous devotion to his style and aesthetics. The celebrated short story writer Maupassant was a protégé of Flaubert. Through Hell on Earth Routledge
C'est l'histoire d'Olivier et de Maya, Hansel et Gretel de notre société moderne, abandonnés chacun de son côté dans le bois hanté de la dépendance. La maison de l'ogre-psychopathe est faite d'héroïne ; pas de sentier pour en sortir. Seul un homme va y pénétrer : un brave bûcheron-commissaire qui se dressera seul contre les fantômes de la drogue pour tenter de protéger malgré eux ces enfants égarés. Car l'ogre a déjà mangé... sept petites toxicos.

La splendeur des dieux: Quatre études iconographiques sur l'hellénisme égyptien (2 vols) e-artnow

Naître dans un pays pauvre, vivre avec drépanocytose et s'entendre dire que je ne

vivrais pas jusqu'à mon seizième anniversaire ont été les sources de mon inspiration. J'avais de grands rêves, même s'il semblait n'y avoir aucune raison logique d'être optimiste. Grâce à ce livre, vous apprendrez que Dieu a un plan pour vos bons et mauvais moments; vous n'êtes pas seul, et Dieu ne vous a pas oublié. Ceux qui croient en Lui peuvent jouir de la paix, de la joie et de l'espoir qui surpassent toute compréhension en Lui, même face à des circonstances affreuses, tragiques et humiliantes (voir Phil. 4:7).

Dans La Splendeur des dieux, Gaëlle Tallet aborde la question de la transformation des divinités égyptiennes à l'époque gréco-romaine et de l'hellénisation de leur iconographie en interrogeant les enjeux de l'élaboration d'un hellénisme proprement égyptien, et les stratégies qu'il recouvre. In La Splendeur des dieux, Gaëlle Tallet provides a full reappraisal of the transformation of Egyptian deities and of their Hellenized depiction in Graeco-Roman times, and questions the issues and strategies at stake behind the elaboration of an Egyptian Hellenicity.
