Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks-- and those textbook

assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

REESE'S BOOK CLUB PICK
Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the "shefault" parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family--and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that

simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is *Fair Play*: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how

to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. "Winning" this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space--the time to develop the skills and

passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

In Building Academic Vocabulary: Teacher s Manual, Robert J. Marzano and Debra J. Pickering give teachers a practical way to help students master academic vocabulary. Research has shown that when teachers, schools, and districts take a systematic approach to helping students identify and master essential vocabulary and concepts

of a given subject area, student comprehension and achievement rises. In the manual, readers will find the following tools: *

- * A method to help teachers, schools, and districts determine which academic vocabulary terms are most essential for their needs
- * A six-step process for direct instruction in subject area vocabulary
- * A how-to to help students use the Building Academic Vocabulary: Student Notebook. The six-step method encourages students to learn critical

academic vocabulary by connecting these terms to prior knowledge using linguistic and non-linguistic means that further encourage the refinement and deepening of their understanding. *

- * Suggestions for tailoring academic vocabulary procedures for English Language Learners.
- * Samples and blackline masters for a variety of review activities and games that reinforce and refine student understanding of the academic terms and concepts they learn. The

book also includes a list of 7, 923 vocabulary terms culled from the national standards documents and other publications, organized into 11 subject areas and 4 grade-level categories. Building Academic Vocabulary: Teacher s Manual puts into practice the research and ideas outlined in Marzano s previous book Building Background Knowledge for Academic Achievement. Using the teacher s manual and vocabulary notebooks, educators can guide students in using tools

and activities that will help them deepen their own understanding of critical academic vocabulary--the building blocks for achievement in each discipline.
