These eight stories by leading 20th century French writers offer fascinating insights into French life and literature and are accompanied by a parallel English text, making them valuable for both French and English language students. Among the diverse and entertaining stories in the collection are the wistful

masterpiece 'Green Tobacco' by Clair Sainte-Soline; the exuberant tale of 'The Ants' by the post-war king of café society, Boris Vian, and a suspense in the nineteenth-century erotic tradition from Andre de Mandiargues.

In this introduction to commutative algebra, the author chooses a route that leads the reader through the essential ideas, without getting embroiled in technicalities. He takes the reader quickly

to the fundamentals of complex projective geometry, requiring only a basic knowledge of linear and multilinear algebra and some elementary group theory. The author divides the book into three parts. In the first, he develops the general theory of noetherian rings and modules. He includes a certain amount of homological algebra, and he emphasizes rings and modules of fractions as preparation for working with sheaves. In the second part, he discusses polynomial rings in several variables with coefficients in the field of complex numbers. After

Noether's normalization lemma and Hilbert's Nullstellensatz, the author introduces affine complex schemes and their morphisms; he then proves Zariski's main theorem and Chevalley's semi-continuity theorem. Finally, the author's detailed study of Weil and Cartier divisors provides a solid background for modern intersection theory. This is an excellent textbook for those who seek an efficient and rapid introduction to the geometric applications of commutative algebra.

An Oral System of Teaching Living Languages Lulu.com

This book contains the second of two volumes of "Phantasms of the Living", an 1886 work on the subject of spiritualism by leading members of the Society for Psychical Research Edmund Gurney (1847 – 1888), Frederic W. H. Myers (1843 – 1901), and Frank Podmore (1856 – 1910). Within it, the authors have documented more than 700 cases of ghost sightings which they believe are evidence of psychic ability. This volume contains an introduction by Myers as well as an outline of their analytical methods, while the rest is dedicated to telepathy, hallucinations, dreams, etc. "Phantasms of the Living"

constitutes a pioneering study that provides a vivid insight into the Victorian fascination with the occult and the supernatural, not to be missed by those with an interest in the subject. Contents include: "Preliminary Remarks: Grounds of Caution", "The Experimental Basis: Thought-Transference", "The Transition From Experimental to Spontaneous Telepathy", "General Criticism of the Evidence for Spontaneous Telepathy", "Note on Witchcraft", etc. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with the original text and artwork.

Revue Des Français. Anné 5 No. 10-anné 10. No. 9. Oct. 1910-nov./dč. 1915 TheBookEdition

Tu te souviens ? On avait dit qu'il serait facile d'haïr ceux que nous avons aimés. On avait oublié qu'il fallait aussi aimer ses ennemis. Ne restait plus qu'à s'aimer à tort et à travers...

"A large part of the material used in this book was sent to the authors as representatives of the Society for Psychical Research; and the book is published with the sanction of the council of that Society ... Mr. Myers is solely responsible for the Introduction, and for the Note on a suggested mode of psychical interaction ... Mr. Gurney is solely responsible for the remainder of the book ... the collection, examination, and appraisal of the evidence--has been a joint labour, of which Mr. Podmore has borne ... a share ..."--Pref.

Le Présent de Marie-Antoinette est un roman basé sur l'histoire vraie d'une jeune femme, Kiera Hermine, accablée par le cauchemar répétitif d'une vieille roue sur le pavé, de pieds sur des marches en bois, une affreuse sensation de froid dans le cou et un goût horrible de métal dans la bouche. Le néant. Le silence. La mort. Ces cauchemars s'estompent avec l'âge mais lui reviennent soudainement en mémoire

à la naissance de sa fille. Une voyante rencontrée par hasard lui apprend qu'elle serait la réincarnation de Marie-Antoinette. Afin de découvrir la vérité, Kiera consulte un hypnothérapeute : sa vie antérieure se manifeste et l'entraîne dans une aventure où le temps n'existe plus. Marie-Alix Ravel est psychothérapeute et hypnothérapeute spécialisée dans les vies antérieures. Lorsque Kiera Hermine vient la consulter, elle se passionne pour son cas étrange. Les rêves, les inexplicables coïncidences vont pousser Marie-Alix à mener une enquête approfondie, guidée par une forte intuition naturelle et de nombreuses années d'expérience. Marie-Alix Ravel est d'origine française et a vécu quatorze ans au Canada avant de partir s'installer à Los Angeles en 2006. Marie-Alix a écrit pour le magazine Elle-Québec et est apparue dans plusieurs émissions télévisées au Canada. Elle a aussi été consultante pour l'industrie du cinéma à Los Angeles. Que vous croyez ou non en la réincarnation, Le Présent de Marie-Antoinette est une histoire émouvante dans laquelle le présent répond au passé de manière étonnante.

notes par L. Dussieux Library of Alexandria
 These reports are the result of a collection of statistics of marriage and divorce for the years 1922- They represent the fourth-investigation on the subject made by the federal government. The first investigation, made by the former Department of Labor, covered the 20-year period 1867-1886; the second investigation made by the Bureau of the Census, covered the 20-year period 1887-1906; and the third investigation, also made by the Bureau of the Census, covered the calendar year 1916 cf. 1922, Letter of transmittal, p. ii.

 Learn to speak French like a native with this essential guide Now you can teach yourself how to speak, write, and read French in just 15 easy-to-follow lessons. Perfect for students, travelers, and Francophiles, this new and revised edition of French: A Self-Teaching Guide helps you master the language at your own pace by taking the mystery out of grammar, common usage, and pronunciation with updated lessons and plenty of self-tests.

Focusing on the most frequently used words in the language, this fascinating volume shows you how to enrich your French vocabulary by over 2,000 words--without having to resort to monotonous memorization exercises. More than just a language guide, French: A Self-Teaching Guide provides intriguing information on French culture, local customs, and current trends. It also features a special computer section, which includes a drawing of computer parts accompanied by their names--in French and English. Packed with review tests to measure progress, special drills to reinforce new material, and exercises to help you practice your newfound skills, this is the ideal companion for anyone who has ever wanted to learn French--or brush up on their skills--the easy way.
