Peaceful Fights for Equal Rights Penguin Books

A memoir of the Civil Rights Movement from one of its youngest heroes--now in paperback will an all-new discussion guide. As the youngest marcher in the

1965 voting rights march from Selma to Montgomery, Alabama, Lynda Blackmon Lowery proved that young adults can be heroes. Jailed eleven times before her fifteenth birthday, Lowery fought alongside Martin Luther King, Jr. for the rights of African-Americans. In this memoir, she shows today's young readers what it means to fight nonviolently (even when the police are using violence, as in the Bloody Sunday protest) and how it felt to be part of changing American history. Straightforward and inspiring, this beautifully illustrated memoir brings readers into the middle of the Civil

Rights Movement, complementing Common Core classroom learning and bringing history alive for young readers. *Out of Darkness* Simon and Schuster On cover, the word "right" has an x drawn over the letter "r" with the letter "f" above it.

This beautifully written and timely story shows a transgender soldier's personal bravery as he faced daring challenges on the battlefield and privately battled the restrictions and confines of gender. By the time she arrived in Belvidere, Illinois, and started working as a farmhand, Jennie had a new name and a new identity . . . Albert D. J. Cashier. In 1861, the winds of war blew through the United States. Jennie Rodgers, a young immigrant from Ireland, moved west to Illinois and soon had a new name and a new identity--Albert D. J. Cashier. Like many other young men, Albert joined the Union Army. Though the smallest soldier in his company, Albert served for nearly three years and fought in forty battles and skirmishes. When the war ended,

Albert continued to live his life as a man. His identity fit him as snug as his suspenders. Decades later, a reporter caught wind of the news that an old man in the Soldiers' and Sailors' Home was actually a woman. The news swept through the country. What would happen to Albert and his military pension? Would he be allowed to continue to live as he wished? How would his friends, fellow soldiers, and others in the community react? This book is published in partnership with GLAAD to accelerate LGBTQ inclusivity and acceptance.

Rodzilla Simon and Schuster

chapter in America's history. Paula grew up in the deep south, in a world where whites had and blacks did not. With an activist father and a community of leaders surrounding her, including Uncle Martin (Martin Luther King), Paula watched and listened to the struggles, eventually joining with her family—and thousands of others—in the historic march from Selma to Montgomery. Poignant, moving, and hopeful, this is an intimate look at the birth of the Civil Rights Movement.

From the blanket that his great-grandmother made for him as a boy, to the friends he gathered together in San Francisco as a young man, to the idea for a monument sewn of fabric and

thread, Cleve Jones' extraordinary life seems to have been stitched together bit by bit, piece by piece. Mentored by Harvey Milk, Jones first had the vision for what became the AIDS Memorial Quilt during a candlelight memorial for Milk in 1985. Along with friends, Cleve created the first panels for the quilt in 1987. The AIDS Memorial Quilt grew to be one of the largest public arts projects ever and helped grow awareness of HIV and AIDS. The Quilt is an iconic symbol of hope and remembrance and is Jones' shining achievement. It has since toured the world and been seen by millions. This evocative biography is a touching tribute to Jones' life of advocacy, the positive effects of a community working towards a common goal, and an inspiring story for young readers. Includes a timeline

and extensive back matter.
