Decision By Objectives: How To Convince Others That You Are Right Lexington Books

"Constitution of the Republic of Kosovo" by Constitutional Commission of the Republic of Kosovo. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to

produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Balkans Peter Lang

Despite having emerged in the heyday of a dominant Europe, of which Ancient Greece is the hallowed spiritual and intellectual ancestor, anthropology has paradoxically shown relatively little interest in contemporary Greek culture. In this innovative and ambitious book, Michael Herzfeld moves Greek Ethnography from the margins to the centre of anthropological theory, revealing the theoretical insights that can be gained by so doing. He shows that the ideology that originally led to the creation of anthropology also played a large part in the growth of the modern Greek nation-state, and that Greek ethnography can therefore serve as a mirror for an ethnography of anthropology

itself. He further demonstrates the role that scholarly fields, including anthropology, have played in the construction of contemporary Greek culture and Greek identity.

The Cambridge Companion to European Union Private Law
Upfront Publishing

A senior scholar of Islamic politics, providing a corrective to a dangerous gap in understanding, explores the true nature of contemporary Islamism and the essential ways in which it differs from the religious faith of Islam.

Ethics and Accountability in African Public Services Modern
Library

"THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament." "It provides deep insights into the ancient society of the Albanians, their somber dignity & their magnificent sense of honor."--David Binder, The New York Times. "This legal system was established & passed on to future generations as a common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg." "The 'Besa' or the 'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression."--Victor Meier, The Frankfurter Allgemeine Zeitung. "The legal Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice." "The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man- his honor, home,

& life."--Ismail Kadare, Albanian writer.

The Rise of Iskander Cambridge University Press

International Management: Managing in a Diverse and Dynamic Global Environment offers a modern perspective of international management rooted in a recognized framework. The framework follows the generally accepted course structure beginning with the macro-environment, then moves to the firm level, and concludes with the individual manager in the international setting. This traditional framework is embellished with modern chapters on collaborative strategies, managing technology and knowledge, and ethics and corporate social responsibility. Each chapter has several mini-case examples and full-length, comprehensive cases conclude each part.

World Economic Outlook, April 2014 Cambridge University Press

Papers from a conference organised by Maastricht University Faculty of Law on 24-25 April 2003.

Von Savigny's Treatise on Possession Chambers Harrap Pub Limited

Throughout history, the Balkans have been a crossroads, a zone of endless military, cultural and economic mixing and clashing between Europe and Asia, Christianity and Islam, Catholicism and Orthodoxy. Subject to violent shifts of borders, rulers and belief systems at the hands of the world's great empires--from the Byzantine to the Habsburg and Ottoman--the Balkans are often called Europe's tinderbox and a seething cauldron of ethnic and religious resentments. Much has been made of the Balkans' deeply rooted enmities. The recent destruction of the former Yugoslavia was widely ascribed to millennial hatreds frozen by the Cold War and unleashed with the fall of communism. In this

brilliant account, acclaimed historian Mark Mazower argues that such a view is a dangerously unbalanced fantasy. A landmark reassessment, *The Balkans* rescues the region's history from the various ideological camps that have held it hostage for their own ends, not least the need to justify nonintervention. The heart of the book deals with events from the emergence of the nation-state onward. With searing eloquence, Mazower demonstrates that of all the gifts bequeathed to the region by modernity, the most dubious has been the ideological weapon of romantic nationalism that has been used again and again by the power hungry as an acid to dissolve the bonds of centuries of peaceful coexistence. *The Balkans* is a magnificent depiction of a vitally important region, its history and its prospects.

Anthropology Through the Looking-Glass Hachette UK

The book traces three main approaches to the sociology of post-Soviet societies: studies guided by neoliberal theory and/or practice; work which may be termed neoconservative in orientation, and which is often a response to the first; and a third type of work that is considered both critical and reflexive, and which seeks to transcend the limitations of the other approaches. The book is divided into three parts, addressing polity, culture and economy. In each section, authors endeavour to transcend both neoliberalism and neoconservatism, and reach for a third approach, 'critical social science'. This is a broad movement, and the authors vary in their own explanatory and normative ideas as they carve out frameworks that will enable them to develop a more rigorous and at the same time more comprehensive and critical understanding of social change.

Consumer Protection and the Criminal Law Cambridge University

Press

Features the musculature, bones, joints, and ligaments of the human body in a 3"x 5" study card "carry-along" format.

The Chambers Dictionary Litres

Global Administrative Law has recently emerged as one of the most important contemporary fields in public law scholarship. Concerned with developing fuller understandings of patterns in global governance, it represents one of the most insightful ways of viewing the multifarious forms of public power that now exist beyond the State. The present collection brings together some of the leading scholars working in the field of global administrative law to address past and future challenges related to global governance. Each of the contributions picks up on the more general theme of the values that do or should inform global administrative law, and the book in this way provides a novel and thought-provoking commentary on this most engaging area of debate. Values in Global Administrative Law will be of interest to public lawyers, social and political scientists and scholars of international relations. It will also be an invaluable resource for undergraduate and postgraduate courses that touch partly or exclusively on the challenges of global governance.

The Myth of Lasgush International Monetary Fund

Encompassing more than 300,000 definitions, this up-to-date reference of the English language covers both old and new words, the commonplace and the unusual, with information on idioms, etymologies, and more than 200,000 references.

Theorising Social Change in Post-Soviet Countries Leipzig : Breitkopf & Härtel

The International Trade and Business Law Review publishes

leading articles, comments and case notes, as well as book reviews dealing with international trade and business law, arbitration law, foreign law and comparative law. It provides the legal and business communities with information, knowledge and understanding of recent developments in international trade, business and international commercial arbitration. The Review contributes in a scholarly way to the discussion of these developments while being informative and having practical relevance to business people and lawyers. The Review also devotes a section to the Willem C. Vis International Commercial Arbitration Moot and publishes the memoranda prepared by teams coached by Professor Gabriël A. Moens. The Review is edited at the Murdoch University School of Law in Perth, Australia. The Editors-in-Chief are Mr Roger Jones, Partner, Latham & Watkins LLP, Chicago and Gabriël A. Moens, Dean and Professor of Law, Murdoch Law School. It is an internationally-refereed journal. The Review is supervised by an international board of editors that consists of leading international trade law practitioners and academics from the European Union, the United States, Asia and Australia. The Student Editors for Volume XII are Sybil Almeida, Gianni Bei, Luke Rotondella, and Nicholas Summers from the Murdoch Law School.

Albania in Transition Intersentia nv

This Very Short Introduction examines the phenomenon of international human migration - both legal and illegal. Taking a global look at politics, economics, and globalization, the author presents the human side of topics such as asylum and refugees, human trafficking, migrant smuggling, development, and the international labour force.

World Development Indicators 2013 Oxford University Press

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Public Administration and Democratic Governance Martinus Nijhoff Publishers

In the past decade, from Brighton Beach to Moscow, Toronto to Hong Kong, the Russian mob has become the world's fastest-growing criminal superpower. Trafficking in prostitutes, heroin, and missiles, the mafiya poses an enormous threat to global stability and safety. Today, the mafiya controls over 80 percent of Russia's banks and has siphoned off billions of dollars in Western loans and aid, almost certainly derailing the chance for a stable democracy there. But that is just the beginning, for the mafiya is

now in every corner of the United States and has infiltrated some of the banks and brokerage firms that handle your money. And American law enforcement is just waking up to this staggering problem. No journalist in the world knows more about the mafiya than Friedman, who has covered the Russian mob for *Details*, *Vanity Fair*, and *New York*. At great peril to himself, Friedman interviewed many of the top mobsters, who were stunningly candid about their activities. In their depravity, ruthlessness, and brutality, Russian gangsters make the traditional Mafia look like choirboys. *Red Mafiya* will appeal to anyone interested in the Mob.

The Law's Delay Edward Elgar Publishing

In this fascinating study, John Stephens interprets the significance of the immense cultural change which took place in Italy from the time of Petrarch to the Reformation, and considers its wider contribution to Europe beyond the Alps. His important analysis (which is designed for students and serious general readers of history as well as the specialist) is not a straight narrative history; rather, it is an examination of the humanists, artists and patrons who were the instruments of this change; the contemporary factors that favoured it; and the elements of ancient thought they revived.

Albania Past and Present Oxford University Press

Global activity has broadly strengthened and is expected to improve further in 2014-15, according to the April 2014 WEO, with much of the impetus for growth coming from advanced economies. Although downside risks have diminished overall, lower-than-expected inflation poses risks for advanced economies, there is increased financial volatility in emerging

market economies, and increases in the cost of capital will likely dampen investment and weigh on growth. Advanced economy policymakers need to avoid a premature withdrawal of monetary accommodation. Emerging market economy policymakers must adopt measures to changing fundamentals, facilitate external adjustment, further monetary policy tightening, and carry out structural reforms. The report includes a chapter that analyzes the causes of worldwide decreases in real interest rates since the 1980s and concludes that global rates can be expected to rise in the medium term, but only moderately. Another chapter examines factors behind the fluctuations in emerging market economies' growth and concludes that strong growth in China played a key role in buffering the effects of the global financial crisis in these economies.

Albanians and Jews McGraw-Hill/Irwin

The emergence of EU Private Law as an independent legal discipline is one of the most significant developments in European legal scholarship in recent times. In this 2010 Companion, leading scholars provide a critical introduction to the subject's key areas, while offering original and thought-provoking comment on the field. In addition to several chapters on consumer law topics, the collection has individual chapters on commercial contracts, competition law, non-discrimination law, financial services and travel law. It also discusses the wider issues concerning EU Private Law, such as its historical evolution, the role of comparative law, language and terminology, as well as the implications of the Common Frame of Reference project. A useful 'scene-setting' introduction and further reading arranged thematically make this important publication the student's and

scholar's first port of call when exploring the field.

Fletorja zyrtare e Republikës së Shqipërisë Cambridge University Press

Provides the first truly general account of Francis Bacon as a philosopher.

EU Consumer Law and Policy Routledge

The nature of criminal law doctrines such as strict, corporate, and vicarious liability, and suggests that such doctrines require re-evaluation in the light of the reality of the corporate entity. This

study will be of interest to academics, undergraduate and post-graduate students and practitioners.inciples of each device's operation and presents a block circuit diagram. Next he analyzes these 'real world' circuits in detail, and, finally, he discusses the present state-of-the-art. This approach will help to integrate the many different aspects of an electrical engineer's course work, from physical optics to digital signal processing, as never before. Very accessible and containing over 350 illustrations and many exercises.
