You just can't keep a good girl down . . . unless you use the proper methods. Piper McCloud can fly. Just like that. Easy as pie. Sure, she hasn't mastered reverse propulsion and her turns are kind of sloppy, but she's real good at loop-the-loops.

Problem is, the good folk of Lowland County are afraid of Piper. And her ma's at her wit's end. So it seems only fitting that she leave her parents' farm to attend a top-secret, maximum-security school for kids with exceptional abilities. School is great at first with a bunch of new friends whose skills range from super-strength to super-genius. (Plus all the homemade apple pie she

can eat!) But Piper is special, even among the special. And there are consequences. Consequences too dire to talk about. Too crazy to consider. And too dangerous to ignore. At turns exhilarating and terrifying, Victoria Forester's debut novel has been praised by Stephenie Meyer, author of the Twilight saga, as "the oddest/sweetest mix of Little House on the

Prairie and X-Men...Prepare to have your heart warmed." The Girl Who Could Fly is an unforgettable story of defiance and courage about an irrepressible heroine who can, who will, who must . . . fly. This title has Common Core connections. Praise for Victoria Forester and The Girl Who Could Fly: "It's the oddest/sweetest mix of Little House on the Prairie and X-Men. I was smiling the whole time (except for the part where I cried). I gave it to my mom, and I'm reading it

to my kids—it's absolutely multigenerational. Prepare to have your heart warmed." Stephenie Meyer, author of the Twilight saga "In this terrific debut novel, readers meet Piper McCloud, the late-in-life daughter of farmers...The story soars, just like Piper, with enough loop-de-loops to keep kids uncertain about what will come next....Best of all are the book's strong, lightly wrapped messages about friendship and authenticity and the difference between doing

well and doing good."--Booklist, Starred Review "Forester's disparate settings (down-home farm and futuristic ice-bunker institute) are unified by the rock-solid point of view and unpretentious diction... any child who has felt different will take strength from Piper's fight to be herself against the tide of family, church, and society."--The Horn Book Review The Girl Who Could Fly is a 2009 Bank Street - Best Children's Book of the Year.

 Enid Blyton's books are beloved the world over and The Famous Five

have been the perennial favourite of her fans. Now, in this new series of Enid Blyton for Grown-Ups, George, Dick, Anne, Julian and Timmy confront possibly their toughest challenge yet: parenthood. Bringing up a baby would surely be kid's play for The Five. How hard could it possibly be?! When the doorbell rings one Saturday afternoon, the last thing the Five were expecting to find on their doorstep was a baby... But the Five are next of kin to Cousin Rupert and his wife, so when they

find themselves in a spot of bother and are destined for a short spell behind bars, Anne, Dick, George and Anne are the first port of call. First, it's the fear and the tiredness that kicks in. They are terrified at being responsible for this new life and have no idea they're doing it right. Why is it crying? They use Dr Google constantly, who whatever the situation offers the same range of advice from 'don't worry about it' to 'rush her to the A&E'. 'Why is she crying?' they constantly

ask. 'Why?' It keeps them up all night every night, until they are reduced to walking ghosts, haunted by a numb and impotent fury. Is this an adventure too far for our Five? Jujutsu Kaisen, Vol. 1 Penn State Press (Volume 9) Maximum Ride and the other members of the Flock have barely recovered from their last arctic adventure, when they are confronted by the most frightening catastrophe yet. Millions of fish are dying off the coast of Hawaii and someone-or something-is

destroying hundreds of ships. Unable to discover the cause, the government enlists the Flock to help them get to the bottom of the disaster before it is too late. While Max and her team are exploring the depths of the ocean, their every move is being carefully tracked by Mr. Chu-a criminal mastermind with his own plans for the Flock. Can they protect themselves from Mr. Chu's army of mercenaries and save the ocean from utter destruction?
