Seventeen year old Rose Goldman is highly unpopular in the little town of Halfway. Ever since the 'attack' when she was a small girl, people and animals have

been afraid of her. She gets bullied in school, and called 'wet dog' and 'mutt'. However, life takes a turn when a new teacher starts at Halfway High. Mr. Stone, the quirky and charismatic English teacher is twice Rose's age, but she feels an unexplainable pull towards him from day one. Despite her better judgement, Rose pursues a friendship with Mr. Stone, who seems unable to stay away from her. What is pulling this unlikely pair together? [Alpha Female](#) Author House  
From USA Today  
Bestselling Author Aileen Erin For the first time since Tessa met Dastien, life is quiet. The evil witch, Luciana, is six glorious feet under, St. Ailbe's is closed due to human trespassers, and people are finally getting used to the fact that supernaturals exist in the world. It seems like the perfect time for a honeymoon. After traveling to Dastien's house in Provence, clubbing in Paris, and attending Meredith and Donovan's Full Moon Ceremony in Ireland, Tessa and Dastien head to the Caribbean. Their trip is turning out to be the honeymoon that fantasies

are made of-sunset cruises, long walks on the beach, and every romantic cliché you can imagine. Tessa couldn't be happier. Except that Tessa's visions are on the fritz. She hopes that means that nothing is brewing. That everything is quiet because all is well. But Tessa's never been one to assume anything. When she's magically attacked and nearly dies, Tessa knows she can't ignore the signs anymore. Something huge is going on. As much as she doesn't want to call an end to their six-week honeymoon, it's time to head back to Texas. Whoever messed with Tessa is in for a rude awakening. Because if there's one thing fighting rogue witches and werewolves has taught her, it's how to be Alpha. "Being Alpha is like a magnet that just keeps on pulling until you feel as if you are falling down, down, down right into its world not wanting to miss a thing." - The Avid Reader "Being Alpha is about coming into what you are made to be... A nail biting story." - Theresa, Goodreads "Tessa is not weak and she has a great team who support her to her lofty goals." - L.B. Carter,

"plenty of action, great friendships, fun sci-fi

aspects, and some swoony moments, too!" - Kristy, Simply Nicolette Ohio Poland-China Record Dirty Little Love, LLC An unforgettable story of four women who, through grit and ingenuity, became stars in the cutthroat, high-stakes, male dominated world of venture capital in Silicon Valley, and helped build some of the foremost companies of our time. In Alpha Girls, award-winning journalist Julian Guthrie takes readers behind the closed doors of venture capital, an industry that transforms economies and shapes how we live. We follow the lives and careers of four women who were largely written out of history - until now. Magdalena Yesil, who arrived in America from Turkey with \$43 to her name, would go on to receive her electrical engineering degree from Stanford, found some of the first companies to commercialize internet access, and help Marc Benioff build Salesforce. Mary Jane Elmore went from the corn fields of Indiana to Stanford and on to the storied venture capital firm IVP - where she was one of the first women in the U.S. to make partner - only to be

pulled back from the glass ceiling by expectations at home. Theresa Gouw, an overachieving first-generation Asian American from a working-class town, dominated the foosball tables at Brown (she would later reluctantly let Sergey Brin win to help Accel Partners court Google), before she helped land and build companies including Facebook, Trulia, Imperva, and ForeScout. Sonja Hoel, a Southerner who became the first woman investing partner at white-glove Menlo Ventures, invested in McAfee, Hotmail, Acme Packet, and F5 Networks. As her star was still rising at Menlo, a personal crisis would turn her into an activist overnight, inspiring her to found an all-women's investment group and a national nonprofit for girls. These women, juggling work and family, shaped the tech landscape we know today while overcoming unequal pay, actual punches, betrayals, and the sexist attitudes prevalent in Silicon Valley and in male-dominated industries everywhere. Despite the setbacks, they would rise again to rewrite the rules for an industry they love. In Alpha Girls, Guthrie reveals their untold

stories. *The Red Wall* Simon and Schuster Don't miss Tessa and Dastien in the exciting finale of the USA Today Alpha Girls series. Tessa and her mate, Dastien, race to save Axel, but Tessa's learned that nothing is ever easy in the supernatural world. She has seconds to make a choice, but there's only one thing Tessa can do to save the two most important men in her life—sacrifice herself. The last thing Dastien hears from Tessa was her plea—help Axel. But then their bond goes silent. He can't hear her. He can't feel her. And there's no sign of the attackers who took her. Dastien does everything he can to save Axel before calling his friends in a panic but when Dastien's finally reunited with her, there's no sign of recognition in her eyes. No magic in her touch. No wolf beneath the surface. Everything that made Tessa who she was...has been erased. "I
