The anchorwoman on the top-rated Spanish television magazine reveals details about the life and tragic death of the Latin music superstar,

including information about her murderer. Reissue.

*The Lost City of Z* Vintage  
In this gripping sci-fi noir for fans of *The Martian* and Quentin Tarantino, when an anarchic android begins wreaking havoc on a moon-based penal colony and bodies start turning up, an exiled detective must decide

who he can trust in a city of criminals. Never bang your head against a wall. Bang someone else's. Purgatory is the lawless moon colony of eccentric billionaire, Fletcher Brass and mecca for war criminals, murderers, and curious tourists alike. You can't find better drugs, cheaper plastic surgery, or a more ominous travel

advisory anywhere in the universe. But trouble is brewing in Brass's black-market heaven. When an exiled cop comes to enact law and order in this wild new frontier, he finds himself the lead investigator in a series of high-profile murders that puts him toe to toe with the city's charismatic founder and his equally ambitious daughter. Meanwhile, 2000 km away a memory-wiped android, Leonardo Black rampages across the lunar surface. Programmed with only the notorious "Brass Code"—a

compendium of corporate laws that would make Ayn Rand blush—he journeys across the dark side of the moon with only one goal in mind: find Purgatory and conquer it.

The most trusted and reader-friendly guide on how to make the right decisions when facing ethical issues in clinical practice Clinical Ethics teaches healthcare providers how to effectively identify, evaluate, and resolve

ethical issues in clinical medicine. Using the author's acclaimed "four box" approach and numerous illustrative case examples, the book enables practitioners to gain a better understanding of the complexities involved in ethical cases and demonstrates how to find a solution for each case study. Clinical Ethics goes beyond theory to offer a solid decision-making strategy applicable to real-world practice. Readers will learn an easy-to-apply system

based on simple questions about medical indications, patient preferences, quality of life, and contextual features that clearly explain clinical ethics and help them formulate a sound diagnosis and treatment strategy. The case examples have been especially selected to demonstrate how principles apply to everyday practice. The eighth edition has been extensively revised to reflect the latest challenges, such as the those involving medical

data, legal issues, the unrepresented patient, and problems of continuity and discharge After Auschwitz St. Martin's Press  
The New York Times bestseller and National Book Award finalist *Killers of the Flower Moon* is now adapted for young readers. This book is an essential resource for young readers to learn about the Reign of Terror against the Osage people—one of history's most ruthless and shocking crimes. In the 1920s, the richest people per capita

in the world were members of the Osage Nation in Oklahoma, thanks to the oil that was discovered beneath their land. Then, one by one, the Osage began to die under mysterious circumstances, and anyone who tried to investigate met the same end. As the death toll surpassed more than twenty-four Osage, the newly created Bureau of Investigation, which became the FBI, took up the case, one of the organization's first major homicide investigations.

An undercover team, including one of the only Native American agents in the bureau, infiltrated the region, struggling to adopt the latest modern techniques of detection. Working with the Osage, they began to expose one of the most chilling conspiracies in American history. In this adaptation of the adult bestseller, David Grann revisits his gripping investigation into the shocking crimes against the Osage people. The book is a searing indictment of the callousness and prejudice

toward Native Americans that allowed the murderers to occur for so long.

*Say Nothing* Vintage Cincuenta entrevistas con otros tantos cineastas de treinta países diferentes articulan el contenido del presente libro y lo convierten en la crónica de la modernidad cinematográfica, así como en el itinerario seguido en las últimas cuatro décadas, desde principios de los sesenta hasta los comienzos del siglo XXI, por uno de los críticos más reputados del

panorama internacional. Con la voluntad no sólo de celebrar a los grandes nombres, sino de descubrir nuevos talentos, Michel Ciment lleva al lector de Tokio a Los Ángeles, de Moscú a Manila, de Roma a Budapest, así como a los grandes festivales de Venecia, Cannes y Berlín, para encontrarse cara a cara con Bresson, Scorsese, Fellini, Cronenberg, Kitano, Wong Kar-wai, Tarkovski, Kiarostami o Cassavetes, los indudables protagonistas que han

«construido» el cine del último medio siglo. A la luz del presente volumen, el lector observará que lo que resulta pequeño no es el planeta en sí, sino nuestro conocimiento sobre él. Despertar el interés de los amantes del cine por un universo sepultado en sombras e invitarles a descubrirlo y a desescombrarlo con todos los medios a su alcance es sin duda el precioso logro de una obra que rebosa amor por ese «celuloide oculto» que poco a poco va desapareciendo bajo la

ingente capa de banalidades que copan nuestras pantallas.

Con su magistral escritura, el ganador del

National Book Award, George Packer, construye un relato extraordinario del conflicto internacional más importante y con más consecuencias de las últimas décadas. «La crónica más completa, ambiciosa y poderosa de la guerra de Iraq.» Keith Gessen, *New York Magazine* Se dice que el periodismo es el primer borrador de la historia; en este libro George Packer va más allá y logra un retrato extraordinario de los orígenes y los primeros años de la guerra de Iraq. La puerta

de los asesinos cuenta cómo Estados Unidos se propuso cambiar la historia de Oriente Medio y acabó atrapado en una desastrosa guerra de guerrillas en Iraq, y nos presenta a las personas y las ideas que crearon la política exterior de la administración Bush y desembocaron en la Puerta de los asesinos, la principal puerta de entrada a la zona estadounidense en Bagdad. Packer también describe el lugar que la guerra ocupó en el frente doméstico, las batallas

ideológicas en Washington, el dolor de la familia de un soldado muerto en combate, y la cultura política de un país demasiado dividido para llevar a buen puerto un proyecto tan ambicioso y moralmente complejo. Libro del año para The New York Times, The Washington Post Book World, The Boston Globe, The Chicago Tribune, The San Francisco Chronicle Book Review, The Los Angeles Times Book Review, The New York Times Book Review, USA Today, Time, y New York

magazine. Reseñas: «La complejidad de la cuestión iraquí requería que lo tratara alguien con tanta seriedad como sensibilidad. George Packer lo ha conseguido.» Christopher Hitchens «Como reflexión acerca de los límites del poder estadounidense es iluminador. Como una breve historia de las relaciones entre Iraq y Estados Unidos es indispensable. Como un estudio del choque entre la arrogancia y la buena voluntad es inmejorable. Un libro que todos

deberíamos leer.» Tom Bissell, The New York Observer «El mejor libro del año.» Stephen Elliott, LA Weekly «Magistral. El retrato de los debates que precedieron a la guerra es sutil, agudo y emocionante. Sus crónicas desde Iraq eran muy buenas, pero este libro es mejor, colocando al lector al lado del ángel de la historia de Walter Benjamin para ver indefenso el desastre que ocurre ante sí.» Gideon Rose, Washington Post Book World «Packer describe vívidamente en

página tras página la accidentada ocupación de Iraq, mal planeada y ejecutada de modo casi criminal. Su libro muestra la asombrosa distancia entre las ideas abstractas y la realidad.» Fareed Zakaria, The New York Times Book Review [The Cycle of the Red Moon Volume 3: The Shadow of the Moon](#) B de BOOK The sixteenth Parker novel, *Butcher's Moon* is more than twice as long as most of the master heister's adventures, and absolutely jammed with

the action, violence, and nerve-jangling tension readers have come to expect. Back in the corrupt town where he lost his money, and nearly his life, in *Slayground*, Parker assembles a stunning cast of characters from throughout his career for one gigantic, blowout job: starting—and finishing—a gang war. It feels like the Parker novel to end all Parker novels, and for nearly twenty-five years that's what it was. After its publication in 1974, Donald Westlake said,

“Richard Stark proved to me that he had a life of his own by simply disappearing. He was gone.” Featuring a new introduction by Westlake’s close friend and writing partner, Lawrence Block, this classic Parker adventure deserves a place of honor on any crime fan’s bookshelf. More than thirty-five years later, Butcher’s Moon still packs a punch: keep your calendar clear when you pick it up, because once you open it you won’t want to do anything but read until

the last shot is fired.

STARRING ROBERT PATTINSON, CHARLIE HUNNAM AND SIENNA MILLER\*\* 'A riveting, exciting and thoroughly compelling tale of adventure'JOHN GRISHAM  
 The story of Colonel Percy Harrison Fawcett, the inspiration behind Conan Doyle's *The Lost World* Fawcett was among the last of a legendary breed of British explorers. For years he explored the Amazon and came to believe that its jungle concealed a large, complex civilization, like El Dorado. Obsessed with

its discovery, he christened it the City of Z. In 1925, Fawcett headed into the wilderness with his son Jack, vowing to make history. They vanished without a trace. For the next eighty years, hordes of explorers plunged into the jungle, trying to find evidence of Fawcett's party or Z. Some died from disease and starvation; others simply disappeared. In this spellbinding true tale of lethal obsession, David Grann retraces the footsteps of Fawcett and his followers as he

unravels one of the greatest mysteries of exploration. 'A wonderful story of a lost age of heroic exploration' Sunday Times 'Marvellous ... An engrossing book whose protagonist could out-think Indiana Jones' Daily Telegraph 'The best story in the world, told perfectly' Evening Standard 'A fascinating and brilliant book' Malcolm Gladwell Best American Crime Writing HarperCollins UK  
 \*\*The remarkable novel from the multi-million-bestselling author of The

House of the Spirits and The Japanese Lover\*\* Meet the unforgettable Eva Luna: a lover, a writer, a revolutionary and above all, a storyteller. Eva Luna is the daughter of a professor's assistant and a snake-bitten gardener - born poor, orphaned at an early age and working as a servant. Eva is a naturally gifted and imaginative storyteller who meets people from all walks of life. Though she has no wealth, she trades her stories like currency with people who are kind to

her. As she shares her stories, she introduces an eccentric cast of characters: the Lebanese émigré who takes her in, her Catholic godmother who believes in saints, a street urchin who grows up to be the leader of the guerrilla struggle, a celebrated trans cabaret star and a young refugee whose flight from postwar Europe will change Eva's life forever. As Eva tells her story, Isabel Allende brings to life a complex South American country - the rich, the poor, the sophisticated - in a novel

that celebrates the power of imagination and storytelling. Praise for Isabel Allende's *Eva Luna*: 'Vibrant, colourful characters; the ordinary fused with the grotesque; a Latin American setting, tropical this time; vivid, elegant narrative. The narrator, Eva Luna, is herself a story-teller in the Allende tradition' Guardian 'An evident affection for words, compassion for the oppressed and the inarticulate, the daring ambition to draw cross-sections of whole

societies . . . Allende's work glows' New York Times 'Sumptuous . . . a tale that spans forty years and moves from a surreal jungle to a modern-day urban capital where even the most apolitical are driven to risky anti-government activities' Chicago Tribune 'Allende rearranges reality with a blend of memories, mysticism and imagination' The Philadelphia Inquirer 'A remarkable novel, one in which a cascade of stories tumbled out before the reader, stories vivid and

passionate and human' Washington Post 'Magnificent . . . Allende is a prodigious fabulist, weaving extraordinary tales' Publishers Weekly *Days and Nights of Love and War* Pantheon Books In this epic poetry collection *Killing Marías*, Claudia Castro Luna, both poetically and physically, settles spaces that were unclaimed by Latinas. Her inscription of the disappeared women of Juárez is a live cartographic image of struggle and spiritual survival. Castro Luna does

not allow for these dead women to lack agency; they nourish us and the earth, and they speak with their bodies, literally, positioning themselves as recovered entities with agency, in the poet's skilled narrativizing hands.

Eva was arrested by the Nazis on her fifteenth birthday and sent to Auschwitz. Her survival depended on endless strokes of luck, her own determination and the love and protection of her mother Fritzi, who was deported with her. When Auschwitz was liberated, Eva and Fritzi began the long journey home. They searched desperately for Eva's father and brother,

from whom they had been separated. The news came some months later. Tragically, both men had been killed. Before the war, in Amsterdam, Eva had become friendly with a young girl called Anne Frank. Though their fates were very different, Eva's life was set to be entwined with her friend's for ever more, after her mother Fritzi married Anne's father Otto Frank in 1953. This is a searingly honest account of how an ordinary person survived the Holocaust. Eva's memories and

descriptions are heartbreakingly clear, her account brings the horror as close as it can possibly be. But this is also an exploration of what happened next, of Eva's struggle to live with herself after the war and to continue the work of her step-father Otto, ensuring that the legacy of Anne Frank is never forgotten.

By the #1 New York Times bestselling author of *Killers of the Flower Moon*, a powerful true story of adventure and obsession in the Antarctic, lavishly illustrated with color photographs Henry Worsley was a devoted husband and father and a

decorated British special forces officer who believed in honor and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the nineteenth-century polar explorer, who tried to become the first person to reach the South Pole, and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death, and emerged as one of the greatest leaders in history. Worsley

felt an overpowering connection to those expeditions. He was related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artifacts from their epic treks across the continent. He modeled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across

Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion, and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 13, 2015, at age 55, Worsley bid

farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called "simply the best narrative nonfiction writer working

today." Illustrated with more than fifty stunning photographs from Worsley's and Shackleton's journeys, *The White Darkness* is both a gorgeous keepsake volume and a spellbinding story of courage, love, and a man pushing himself to the extremes of human capacity.
