NYASIA BURNETT

St. Louis Jazz: A History Univ of North Carolina Press

The Blue Devils have received very little attention from jazz historians, though the band members and the writer Ralph Ellison (who sometimes sat in with them) spoke with conviction about their sterling musicianship and their legendary ability to defeat all competitors in battles of the bands. Chronicling the ten years the band was officially together, Douglas Daniels delves into the potent social and cultural history of the 1920s and the Depression to show the era's influence on the group's founding as well as on the players' careers.

The Foot-prints of Satan Univ of Wisconsin Press

NATIONAL BOOK AWARD FINALIST • A sweeping, genre-bending “masterpiece” (Minneapolis Star Tribune) exploring Black art, music, and culture in all their glory and complexity—from Soul Train, Aretha Franklin, and James Brown to The Fresh Prince of Bel-Air, Whitney Houston, and Beyoncé ONE OF THE TEN BEST BOOKS OF THE YEAR: Chicago Tribune, The Philadelphia Inquirer, The Dallas Morning News, Publishers Weekly “Gorgeous essays that reveal the resilience, heartbreak, and joy within Black performance.”—Brit Bennett, #1 New York Times bestselling author of *The Vanishing Half* “I was a devil in other countries, and I was a little devil in America, too.” Inspired by these few words, spoken by Josephine Baker at the 1963 March on Washington, MacArthur “Genius Grant” Fellow and bestselling author Hanif

Abdurraqib has written a profound and lasting reflection on how Black performance is inextricably woven into the fabric of American culture. Each moment in every performance he examines—whether it's the twenty-seven seconds in "Gimme Shelter" in which Merry Clayton wails the words "rape, murder," a schoolyard fistfight, a dance marathon, or the instant in a game of spades right after the cards are dealt—has layers of resonance in Black and white cultures, the politics of American empire, and Abdurraqib's own personal history of love, grief, and performance. Touching on Michael Jackson, Patti LaBelle, Billy Dee Williams, the Wu-Tan Clan, Dave Chappelle, and more, Abdurraqib writes prose brimming with jubilation and pain. With care and generosity, he explains the poignancy of performances big and small, each one feeling intensely familiar and vital, both timeless and desperately urgent. Filled with sharp insight, humor, and heart, *A Little Devil in America* exalts the Black performance that unfolds in specific moments in time and space—from midcentury Paris to the moon, and back down again to a cramped living room in Columbus, Ohio. WINNER OF THE ANDREW CARNEGIE MEDAL AND THE GORDON BURN PRIZE • FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD AND THE PEN/DIAMONSTEIN-SPIELVOGEL AWARD ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, Time, The Boston Globe, NPR, Rolling Stone, Esquire, BuzzFeed, Thrillist, She Reads, BookRiot, BookPage, Electric Lit, The Rumpus, LitHub, Library Journal, Booklist

Are bodies sexy? How? In what sorts of ways? *Sexy Bodies* investigates the production of sexual bodies and sexual practices, of sexualities which are dyke, bi, transracial, and even hetero. It celebrates lesbian and queer sexualities but also explores what runs underneath and within all sexualities, discovering what is fundamentally weird and strange about all bodies, all carnalities. Looking at a pleasurable variety of cultural forms and texts, the contributors consider the particular charms of girls and horses, from National Velvet to Marnie; discuss figures of the lesbian body from vampires to tribades to tomboys; uncover 'virtual' lesbians in the fiction of Jeanette Winterson; track desire in the music of legendary Blues singers; and investigate the ever-scrutinised and celebrated body of Elizabeth Taylor. The collection includes two important pieces of fiction by Mary Fallon and Nicole Brossard. *Sexy Bodies* makes new connections between and amongst bodies, cruising the borders of the obscene, the pleasurable, the desirable and the hitherto unspoken rethinking sexuality anew as deeply and strangely sexy.

Beyond the Crossroads CUA Press

In this cultural history of evangelical Christianity and popular music, David Stowe demonstrates how mainstream rock of the 1960s and 1970s has influenced conservative evangelical Christianity through the development of Christian pop music. For an earlier

The Devil's Music Penguin

Julian Kestrel, gentleman sleuth and dandy, becomes fascinated with the unsolved case of the murder of a Milanese aristocrat and

the disappearance of his protégé, a brilliant young English opera singer. What has become of the singer's fiancée and the aristocrat's notoriously surly manservant? Could the murder be tied to Italy's tumultuous politics? Furthermore, the murdered marquis left a widow whose beauty makes Kestrel's heart skip faster.

Papist Devils Harvard University Press

Robert Johnson is the subject of the most famous myth about the blues: he allegedly sold his soul at the crossroads in exchange for his incredible talent, and this deal led to his death at age 27. But the actual story of his life remains unknown save for a few inaccurate anecdotes. *Up Jumped the Devil* is the result of over 50 years of research. Gayle Dean Wardlow has been interviewing people who knew Robert Johnson since the early 1960s, and he was the person who discovered Johnson's death certificate in 1967. Bruce Conforth began his study of Johnson's life and music in 1970 and made it his mission to fill in what was still unknown about him. In this definitive biography, the two authors relied on every interview, resource and document, most of it material no one has seen before. As a result, this book not only destroys every myth that ever surrounded Johnson, but also tells a human story of a real person. It is the first book about Johnson that documents his years in Memphis, details his trip to New York, uncovers where and when his wife Virginia died and the impact this had on him, fully portrays the other women Johnson was involved with, and tells exactly how and why he died and who gave him the poison that killed him. *Up Jumped the Devil* will astonish blues fans who thought they knew something about Johnson.

Why Should the Devil Have All the Good Music? Chicago Review Press

Part 1 of this book provides an annotated edition of Samuel Harsnett's famous attack on the practice of exorcism, which had a profound influence upon Shakespeare's conception and writing of *King Lear*. Part 2 explores the context of Shakespeare's reading of Harsnett's book.

Where the Devil Don't Stay Basic Books

Collects interviews and commentary on blues and gospel music from the Mississippi Delta area, and discusses how race relations, connections to the sacred, and Southern life helped mold this style of music.

Hideous Absinthe Harcourt

The author charts the brief but colorful history of the saxophone, from its invention 160 years ago, through its subsequent role as a symbol of decadence and immorality, to its impact on music, particularly American jazz. Reprint. 15,000 first printing.

Cultural Studies Arcadia Publishing

This volume contains fifteen studies by John O'Malley that press forward the trajectory he launched with *The First Jesuits* (1993). The chapters deal, for instance, with the historiography of the Society of Jesus, the Jesuits' cultural commitments, the character of Ignatius of Loyola and of Jesuit education.

All the Devils Are Here Dramatists Play Service Inc

antly, the pact laid the groundwork for Soviet control of Eastern Europe, a power grab that would define the post-war order. Drawing on memoirs, diaries, and official records from newly opened Soviet archives, *The Devils' Alliance* is the authoritative work on one of the seminal episodes of World War II. In his

characteristically rich and detailed prose, Moorhouse paints a vivid picture of the pact's origins and its enduring influence as a crucial turning point, in both the war and in modern history.

Mephistopheles David C Cook

This volume of *Who's Who in Research* series offers a useful guide for current researchers in Intellect's subject area of Cultural Studies.

No Sympathy for the Devil Author House

In 1996, Patterson Hood recruited friends and fellow musicians in Athens, Georgia, to form his dream band: a group with no set lineup that specialized in rowdy rock and roll. The Drive-By Truckers, as they named themselves, grew into one of the best and most consequential rock bands of the twenty-first century, a great live act whose songs deliver the truth and nuance rarely bestowed on Southerners, so often reduced to stereotypes.

Where the Devil Don't Stay tells the band's unlikely story not chronologically but geographically. Seeing the Truckers' albums as roadmaps through a landscape that is half-real, half-imagined, their fellow Southerner Stephen Deusner travels to the places the band's members have lived in and written about. Tracking the band from Muscle Shoals, Alabama, to Richmond, Virginia, to the author's hometown in McNairy County, Tennessee, Deusner explores the Truckers' complex relationship to the South and the issues of class, race, history, and religion that run through their music. Drawing on new interviews with past and present band members, including Jason Isbell, *Where the Devil Don't Stay* is more than the story of a great American band; it's a reflection on the power of music and how it can frame and shape a larger culture.

Blues You Can Use (Music Instruction) Waco, Tex. : Word Books
 Written by an L. A. County homicide detective and former atheist, *Cold-Case Christianity* examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a “cold case”: it makes a claim about an event from the distant past for which there is little forensic evidence. In *Cold-Case Christianity*, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers’ intense interest in detective stories, *Cold-Case Christianity* inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

Saints or Devils Incarnate? NYU Press

Sciarretto and Florino distill years of real-world experience into a practical, step-by-step career guide for anyone who wants to turn a love for music into a full-time job in the highly competitive music industry.

The Devil and Daniel Webster Random House

"Hell is empty, and all the devils are here." -Shakespeare, *The Tempest* As soon as the financial crisis erupted, the finger-pointing began. Should the blame fall on Wall Street, Main Street, or Pennsylvania Avenue? On greedy traders, misguided regulators, sleazy subprime companies, cowardly legislators, or clueless home buyers? According to Bethany McLean and Joe Nocera, two of America's most acclaimed business journalists, the

real answer is all of the above-and more. Many devils helped bring hell to the economy. And the full story, in all of its complexity and detail, is like the legend of the blind men and the elephant. Almost everyone has missed the big picture. Almost no one has put all the pieces together. *All the Devils Are Here* goes back several decades to weave the hidden history of the financial crisis in a way no previous book has done. It explores the motivations of everyone from famous CEOs, cabinet secretaries, and politicians to anonymous lenders, borrowers, analysts, and Wall Street traders. It delves into the powerful American mythology of homeownership. And it proves that the crisis ultimately wasn't about finance at all; it was about human nature. Among the devils you'll meet in vivid detail: • Angelo Mozilo, the CEO of Countrywide, who dreamed of spreading homeownership to the masses, only to succumb to the peer pressure-and the outsized profits-of the sleaziest subprime lending. • Roland Arnall, a respected philanthropist and diplomat, who made his fortune building Ameriquest, a subprime lending empire that relied on blatantly deceptive lending practices. • Hank Greenberg, who built AIG into a Rube Goldberg contraption with an undeserved triple-A rating, and who ran it so tightly that he was the only one who knew where all the bodies were buried. • Stan O'Neal of Merrill Lynch, aloof and suspicious, who suffered from "Goldman envy" and drove a proud old firm into the ground by promoting cronies and pushing out his smartest lieutenants. • Lloyd Blankfein, who helped turn Goldman Sachs from a culture that famously put clients first to one that made clients secondary to its own bottom line. • Franklin Raines of Fannie Mae, who (like his predecessors) bullied regulators into submission and let his

firm drift away from its original, noble mission. • Brian Clarkson of Moody's, who aggressively pushed to increase his rating agency's market share and stock price, at the cost of its integrity. • Alan Greenspan, the legendary maestro of the Federal Reserve, who ignored the evidence of a growing housing bubble and turned a blind eye to the lending practices that ultimately brought down Wall Street-and inflicted enormous pain on the country. Just as McLean's *The Smartest Guys in the Room* was hailed as the best Enron book on a crowded shelf, so will *All the Devils Are Here* be remembered for finally making sense of the meltdown and its consequences.

Seven Devils Convergent Books

This is a brief highly readable history of the Catholic experience in British America, which shaped the development of the colonies and the nascent republic in the seventeenth and eighteenth centuries. Historian Robert Emmett Curran begins his account with the English reformation, which helps us to understand the Catholic exodus from England, Ireland, and Scotland that took place over the nearly two centuries that constitute the colonial period. The deeply rooted English understanding of Catholics as enemies of the political and religious values at the heart of British tradition, ironically acted as a catalyst for the emergence of a Catholic republican movement that was a critical factor in the decision of a strong majority of American Catholics in 1775 to support the cause for independence
