 Charles and Ray Eames are counted  
 among the leading designers of the  
 twentieth century. Perhaps best known  
 for their furniture designs, the Eameses  
 also made pioneering contributions to  
 the fields of architecture (Eames House,  
 Los Angeles), film (*Powers of Ten*),  
 exhibitions ("Mathematica"), toys (*House*  
*of Cards*), graphics, and much more.  
 Underlying all this work was a robust and  
 compelling philosophy of design.  
 "Essential Eames: Words and Pictures"  
 draws from their lifetimes of speeches  
 and writings, as well as an archive of  
 nearly one million photographs taken by  
 Charles and Ray Eames and their office

staff over the course of four decades of

The brand new racy romance novel in  
 Vina Jackson's bestselling *EIGHTY DAYS*  
 series, for fans of *Fifty Shades* and *Sylvia*  
*Day*. I'd always liked bad boys. And as I  
 grew up, they became bad men . . . In  
 her youth, Russian dancer Luba fell for a  
 bad man; a handsome but dangerous  
 rare amber dealer who would disappear  
 for months on end but expect Luba to  
 drop everything when he called. Despite  
 everything Luba could not deny her  
 attraction to the seductive Chey, but  
 their passionate, turbulent relationship  
 came to an end when Luba fled Russia  
 having discovered a shocking secret  
 about her lover. From elite private clubs  
 in New Orleans to the London mansion of  
 an enigmatic rockstar, Viggo Franck,  
 Luba embarks on a journey of self  
 discovery and embraces the exciting,  
 enticing experiences her new life as a  
 dancer brings. Her adventures introduce

her to a fiery, flame-haired violinist, Summer, and Lauralynn, a woman with decidedly dark desires. But can this new life ever truly satisfy Luba, or will she forever crave the one man she knows isn't good for her.

**Engines** Kensington Publishing Corp. On her thirtieth birthday, Gwendolyn Reese receives an unexpected present from her widowed Aunt Bea: a grand tour of Europe in the company of Bea's Sudoku and Mahjongg Club. The prospect isn't entirely appealing. But when the gift she is expecting--an engagement ring from her boyfriend--doesn't materialize, Gwen decides to go. At first, Gwen approaches the trip as if it's the math homework she assigns her students, diligently checking monuments off her must-see list. But amid the bougainvillea and stunning vistas of southern Italy, something changes. Gwen begins to live in the moment--skipping down stone staircases in Capri, running her fingers over a glacier in view of the Matterhorn, racing through the Louvre, and taste-testing pastries at a Marseilles cafe. Reveling in every new experience--especially her attraction to a charismatic British physics professor--Gwen discovers that the ancient wonders around her are nothing compared to the renaissance unfolding within. . . Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of

dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

*The Return of the Mother* McFarland

It started on a cold, frosty morning in 1951 in Christchurch, New Zealand, with a seventeen-year-old-boy, a crate of sheeps' kidneys and a dream. The boss of the city's Belfast meatworks, had arrived an hour early to set up for the day, when he noticed one of his workers packing up a crate on the countertop. The young lad was battling to move it so the boss went over to help. When asked what time he'd started, the boy replied 'Five o'clock this morning'. Stunned, and amused, the boss told him he'd be earning a good bonus at the end of the week, and wondered aloud what he'd spend it on. But the boy knew, and immediately replied, 'I'm going to race speedway in England.' And he did. That boy was Barry Briggs, and it was just the start of his great adventure. Little did he know he was soon to become the legendary speedway racer more commonly known as Briggo, and later as Barry Briggs MBE. From dangerous encounters in the jungles of Liberia to teaching Steve McQueen to slide a

speedway bike, Briggo's incredible story is one of strength, determination and a life lived firmly in the fast lane.

This book details the construction of a range of simple miniature steam engines and boilers. The projects, each of which can be completed with only a basic workshop, range from a single-acting oscillator to more sophisticated twin-cylinder double-acting engines and a variety of boilers. A final project brings together engine and boiler for a simple steam railway locomotive. These projects are a perfect introduction to model engineering and an enjoyable exercise for the more experienced engineer or those who wish to pass on their hobby to a younger generation.

Nilo Cruz is the most produced Cuban-American playwright in the U.S. and was the first dramatist of Hispanic descent to receive the Pulitzer-Prize. In his plays, Cruz almost always journeys back to Cuba, even when the play is not set there. Cruz is a sensualist, a conjurer of mysterious voyages and luxuriant landscapes. He is a poetic chronicler, a documentarian of the presence of Latin people in American life. He conveys the strength and persistence of the Cuban spirit through a wholly dramatic imagination. This volume also includes *A Bicycle Country* and the one-act play, *Capricho*.
