Mongolia Lonely Planet

This book collects together cultural pearls of wisdom from 86 countries to form the ultimate reference book for how to live well. Each culture lives by its own words of wisdom - handed down from generation to generation, covering everything from keeping a house tidy as a Shinto shrine to

cooking a meal as simple and nutritious as a southern Italian's supper. Do you want to eat as well as the French, enjoy life as much as the Costa Ricans, live as thoughtfully as the Scandinavians and be as healthy as the Japanese? This 416-page book, packed full of expertly-sourced information and stunning photography, will tell you how. With countries as far and wide reaching as Colombia and New Zealand, you'll be sure to learn plenty of life lessons that you can put into action throughout.

Lonely Planet Greece Createspace Independent Publishing Platform Founders of the phenomenally successful publishing company Lonely Planet, Tony and Maureen Wheeler have produced travel guides to just about every corner of the globe. Lonely Planet Publications was born in 1973 when the Wheelers self-published a quirky travel guide, *Across Asia on the Cheap*. This was quickly followed by what soon became the backpackers' bible, *South-East Asia on a Shoestring*. Going

boldly where no other travel publisher had ventured, they catered to a new generation of independent, budget-conscious travelers long before the advent of mass tourism.

Unlikely Destinations: The Lonely Planet Story is a unique mix of autobiography, business history and travel book. It traces Tony and Maureen Wheeler's personal story as well as the often bumpy evolution of their travel guide business into the world's largest independent travel publishing company. Not surprisingly, after thirty years in the business the Wheelers have an unrivalled set of anecdotes which they share in Unlikely Destinations: The Lonely Planet Story. They have been

hassled by customs, cheated by accountants, let down by writers, banned in Malawi, berated for their Burma guide and had books pirated in Vietnam. Tony has been gored by a cow in Benares, declared dead around the world in an assortment of gruesome and greatly exaggerated accounts and their company has been accused of the "Lonely Planetization" of the world. Through it all, from the heady days of discovery in the '70s to the rocky patch after the September 11th terrorist attacks, the Wheelers' passion for the planet and traveling certainly hasn't diminished, and comes shining through in this enthralling travelogue. But above all, their memoir

reveals the spirit of adventure that has made them, according to the New York Daily News, "the specialists in guiding weird folks to weird places."

Complemented by easy-to use, reliable maps, helpful recommendations, authoritative background information and up-to-date coverage of things to see and do, these popular travel guides cover in detail countries and regions around the world for travelers of every budget, along with extensive itineraries, maps with cross-referencing to the text, "Top 10" and "Top 5" lists and other practical features.

Festivals and Events

Nicaragua Lonely

Planet

Afraid of getting stuck on the "Gringo Trail"? You can experience the best of the real Nicaragua if you know when and where to look. The NCX Guide to Festivals and Events is exactly that...your guide to discovering what the other guidebooks leave out. A few highlights: There is one where they dress up their dogs in funny little costumes to be blessed by the priest at the cathedral. Then there is the one where the beat of African drums, chanting and dancing goes on until the daylight hours. Then there is the one where eight-foot tall women dance with their short, big-headed suitors singing satirical rhymes about the audience. And of

course, the one where the devils descend upon the city is not to be missed. Nicaragua is so rich in festivals that you can always find something fascinating going on if you know where to look. Most travelers, however, miss what could be the highlight of their Nicaraguan adventure since even the best travel guides go into little detail about the festivals and events. In this country the festivals are the pulse of the culture and the people. You haven't seen Nicaragua until you have experienced the parades, the fireworks, the food and the

alegria that surrounds these events. Don't plan a trip without including a few days to see the local festivities. And who knows, maybe you will see me there!"
