The Old Dominion is filled with the unexplained... With a history stretching back to the 1607 Jamestown settlement, Virginia is rich in mystery. There are ghost towns, fake towns, a vampire in Richmond, a Bunnyman in Clifton and secret government sites all over. Colonists buried gold along the James River and Sir Francis Bacon's plan for a "New Atlantis" lies in a vault in Williamsburg. Fabled pirates Captain Kidd and Blackbeard stashed treasure along the Virginia coast. A ghost light appears at a railroad crossing near West Point and mysterious booms rattle windows from central Virginia to the Eastern Shore. Cryptid creatures stalk the forests from Fairfax County to the Great Dismal Swamp. A devil monkey lurks in Goochland, Bigfoot roams Marine Corps Base Quantico, and a sea serpent swims through the Chesapeake Bay. Join Virginia native Denver Michaels as he explores these legends and many more.

Treasure Island The Countryman Press

An old man is murdered after selling ten gold coins to different people on Maryland's Eastern Shore. The sheriff and his chief deputy are more interested in finding the source of the gold than the murderer. They think the victim found the long lost buried treasure of Blackbeard, the pirate. The sheriff figures Blackbeard sailed up the Chincoteague Bay to either repair the Queen Anne's Revenge, replenish his larder or to bury his treasure. Madame Z and the Sheriff's Wife want to solve the case and write a book. They travel around Worcester County looking for clues and old coins at nautical antiques shoppes. They even go to Key West to get a first-hand look at treasure hunting. Blackbeard and Worcester County is another humorous mystery laced with local places; Chincoteague Bay, Assateague Island, Globe Theatre, Berlin, Ocean City and Snow Hill.

Going Down the Ocean, A Brief History of Ocean City, Maryland will chronicle the long and colorful history of Maryland's premier ocean resort. Beginning with the visit of the explorer Giovanni da

Verrazano, this book will examine the arrival of Assateague's famous ponies, visits by Blackbeard and other pirates, the birth of Steven Decatur, and brave soldiers who fought in the Civil War. After Ocean City was founded in the late 19th century, the resort became a mecca for vacationers, who enjoyed the surf and sand along side the pound fishermen who worked their nets a short distance off shore. During the 20th century, Ocean City witnessed the arrival of the automobile, bootleggers, and German submarines. Following the Second World War, Bobby Baker, confidant to Lyndon Johnson, built a motel on the barren dunes to the north and helped ignite the condominium boom that saw Ocean City grow all the way to the Delaware line.

It happened in 1750. It was the year that Western civilization started its recovery from a conflict, commonly known as King George's War, between the great powers of England and Spain that had lasted nine years and left many in physical, psychological or financial ruin. It was also in this year that a wealthy Spanish captain named Juan Manuel Bonilla and two Englishmen, Owen Lloyd and his one-legged brother, John, would chance to meet at sea. These former enemies were diverted from their respective courses by a fearful West Indian hurricane. A huge treasure would soon change hands—involuntarily. The incredible chain of events that began to unfold in the aftermath of this fateful encounter would lead to the burial of Spanish treasure on an uninhabited Caribbean island, and the electrifying aftermath would be remembered for many years to come. The most famous treasure map in the world, dated August 1750, would become the inspiration for a tale that would entertain millions of youngsters and adults alike for the next century. The map would also propel a struggling unknown writer to the limelight, making his name one of the most recognized in literary history: Robert Louis Stevenson
