WIGGINS ROMAN

Kincaid's Battery Butterworth-Heinemann

The true story of a potentially devastating terrorist plot in New York City—and the heroes who risked their lives to prevent it. On the morning of July 31, 1997, two young Palestinian men living in Brooklyn, New York, were prepared to sacrifice themselves as martyrs to their bloody cause. Their plan—to board a subway filled with commuters, wait until the train was traveling through the tunnel under the East River, and then detonate a shrapnel-covered explosive belt they had built in their tenement apartment. The attack would have killed hundreds, possibly even

thousands, while sending the city—and the country—into a state of panic. This is the inspiring, startling, and frightening true story of how the NYPD learned of the impending attack and made a daring predawn raid on the terrorist hideout. The gripping series of events began with an Egyptian immigrant who, learning of the plan, alerted the police. Coordinating an assault with limited resources and manpower, seven brave members of the NYPD moved in—reaching the terrorists when they literally had their fingers on the trigger—saving countless lives, preventing a disaster that would have paralyzed New York City, and alerting the nation that, in today's world, violence and terror could begin at home.

How to Be Idle Simon and Schuster

Al Queda's war on America did not start on September 11, 2001.

Just ask the Diplomatic Security Service. It was on February 6, 1993, that the United States was first attacked on its own soil by foreign terrorists. A zealous band of Middle Easterners, holy warriors determined to punish the U.S. for its supposed transgressions against Islam, packed over a ton of home made explosives into the back of a rented van. They drove their bomb across the Hudson from New Jersey, maneuvered it through downtown traffic and parked it in the underground garage at the Vista Hotel, beneath the twin towers of the World Trade Center. They lit a long fuse, which allowed them time to get back to New Jersey to watch the results of the explosion on CNN. They hoped to topple one mammoth tower into the other and kill ten thousand people or more. Miraculously, only six people were killed. Most of the group were captured within a week, but the mastermind behind the attack, Ramzi Ahmed Yousef, had immediately gone to JFK airport to fly to Pakistan. Before leaving, he phoned the Associated Press and claimed responsibility for the bombing in the name of the Arab Liberation Army, a terrorist group led by Saudi exile Osama bin Laden. A succession of such brazen crimes has revealed complex connections among terrorist groups with an implacable hostility toward Western civilization. Outrages such as the assassination of the Jewish Defense League founder Meier Kahane, a huge plot in the Philippines to plant bombs on intercontinental airlines and to assassinate the Pope, the bombing of U.S. embassies, culminating in the African embassy bombings of 1998, the attack on the USS Cole in 1999, and the devastating attack on the World Trade Center in 2001 have made it clear that a worldwide network of terrorists led by Osama bin Laden is making war on the United States. On the

front lines combating these terrorists in 150 countries around the world have been the 1,200 agents of the U.S. Department of State's Diplomatic Security Service. A little-known but highly effective branch of the government, the DSS is the one arm of federal law enforcement with international powers of arrest. These agents maintain close ties to local police commanders in many countries and can entice informants with bounties of up to \$4,000,000. After a challenging international search, it was DSS agents in Pakistan who captured Ramzi Yousef. DSS agents have been in the vanguard of the War on Terrorism long before it was declared. In *Relentless Pursuit*, Samuel Katz review the escalating series of terrorist attacks on the U.S. during the last decade, including those in many foreign countries and finally in New York and Washington. In the process, he tells the gripping story of the DSS and its agents protecting us and our representatives here and abroad. Katz's detailed, personal, on-the-ground anecdotes bring home the contexts and linkages of the War on Terrorism that has been fought on our behalf by the DSS since the 1980s. *Relentless Pursuit* is a stirring tribute to an unsung group of brave Americans. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. *Anytime Anywhere* Penguin

From the New York Times bestselling coauthors of *Under Fire*--the riveting story of the kidnapping and murder of CIA Station Chief William Buckley. After a deadly terrorist bombing at the American embassy in Lebanon in 1983, only one man inside the CIA possessed the courage and skills to rebuild the networks destroyed in the blast: William Buckley. But the new Beirut station chief quickly became the target of a young terrorist

named Imad Mughniyeh. Beirut Rules is the pulse-by-pulse account of Buckley's abduction, torture, and murder at the hands of Hezbollah terrorists. Drawing on never-before-seen government documents as well as interviews with Buckley's co-workers, friends and family, Burton and Katz reveal how the relentless search for Buckley in the wake of his kidnapping ignited a war against terror that continues to shape the Middle East to this day.

Under Fire: The Untold Story of the Attack in Benghazi St. Martin's Press

Originally written in 1936, two years before Capek's death and three years before the Nazi invasion of Czechoslovakia, *War with the Newts* is considered by many to be Capek's greatest book. Working in the "fantastic" satiric tradition of Wells, Orwell, and Vonnegut, Capek chronicles the discovery of a colony of highly intelligent giant salamanders off the coast of an Indonesian island. Capek sardonically details all the reactions of the civilized world - from horror to skepticism, from intellectual fascination to mercantile opportunism - and the ultimate destruction from which it (and the newts) might not escape.

The Sailor's Word-book Grand Central Pub

Examines the underground and illegal methods used by Islamic and other terrorist groups to transfer billions of dollars to fund their organizations, and critiques the 9/11 Commission report's response.

Terrorism, Inc.: The Financing of Terrorism, Insurgency, and Irregular Warfare Feral House

Presents the further adventures of Mowgli, a boy reared by a pack of wolves, and the wild animals of the jungle. Also includes

other short stories set in India.

Merkava Main Battle Tank MKs I, II & III Penguin

Describes the front-line action of the New York Police Department's Emergency Services Unit, offering eyewitness accounts about the Truck-Two squad that patrols Manhattan North and citing such events as the crash of TWA Flight 800. Original.

Israel's Army Castrovilli Giuseppe

Air University is proud to have joined the Air Staff and the International Security Studies Program of the Fletcher School of Law and Diplomacy at Tufts University in sponsoring the April 1991 conference on aerospace challenges and missions that produced this collection of essays. Written by a distinguished group of specialists from academia, the military, government, business, and the media, these essays examine American national security policy and Air Force issues from a variety of perspectives. Aside from their remarkable perceptiveness, the contributions of the authors are especially timely because they address the pivotal role of air power in the war with Iraq. The essays leave no doubt that the employment of both established and innovative methods of air combat in that crisis has important implications for the global-security environment of the future. In that sense, this book provides a foundation for evaluating the complex policy challenges that we face in the 1990s and into the next century."Charles G. BoydLieutenant General, United States Air ForceCommander, Air University

"Lots of characters get compared to my own Jack Reacher, but Petrie's Peter Ash is the real deal."—Lee Child In this action-

packed thriller starring war veteran Peter Ash, a well-planned and flawlessly executed hijacking reveals the hidden dangers of Colorado's mellowest business, but Ash may find there's more to this crime than meets the eye. Combat veteran Peter Ash leaves a simple life rebuilding hiking trails in Oregon to help his good friend Henry Nygaard, whose daughter runs a Denver security company that protects cash-rich cannabis entrepreneurs from modern-day highwaymen. Henry's son-in-law and the company's operations manager were carrying a large sum of client money when their vehicle vanished without a trace, leaving Henry's daughter and her company vulnerable. When Peter is riding shotgun on another cash run, the cargo he's guarding comes under attack and he narrowly escapes with his life. As the assaults escalate, Peter has to wonder: for criminals this sophisticated, is it really just about the cash? After finding himself on the defensive for too long, Peter marshals his resources and begins to dig for the truth in a scheme that is bigger—and far more lucrative—than he'd ever anticipated. With so much on the line, his enemy will not give up quietly...and now he has Peter directly in his sights.

Treasury's War St. Martin's Press

The inside story of the covert operation that took down the heads of ISIS *No Shadows in the Desert* reveals the untold story of the behind-the-scenes fight against ISIS—one coordinated by heads of state and ultimately fought in the alleyways and open deserts of the Middle Eastern battlefield by spies and soldiers. Samuel M. Katz draws upon his sources within the global intelligence and counterterrorism community, as well as the international special operations and espionage fraternity, to tell the story of the covert

campaign against ISIS by the operatives who ventured deeply and secretly into enemy territory. In this first-ever look at the secret inner workings of an Arab secret service, Katz tells the story of Jordan's GID, the masters of human intelligence on the espionage battlefields of the Middle East, who proved pivotal and crucial go-to allies of the CIA and America's other intelligence agencies in the war against ISIS and the war on terror. With the revealing and intimate insight of the intelligence officers who fought ISIS, *No Shadows in the Desert* is a rare glimpse into how a strategic partnership helped change how terrorism is fought in the Middle East and beyond.

Tier One Wild PublicAffairs

Branded as rebels and traitors, the members of the Alliance worked from the shadows, gathering information and support from across the galaxy to bring an end to the Empire's tyranny. This information has been kept hidden until now. Discovered in the ruins of an abandoned rebel base, these files have been passed among members of the Resistance, who have added notes, updates, and new insights to the documents. A repository of Alliance intelligence, *The Rebel Files* weaves together classified documents, intercepted transmissions, and gathered communications to trace the formation of the Rebel Alliance. Unlock the secrets of the Rebel Alliance!

Beirut Rules BoD - Books on Demand

Surveys the Israel Defence Forces, looks at Israeli paratroopers, tank soldiers, infantry, special forces and reserves, and describes their weapons, equipment and training

Twilight Warriors St. Martin's Press

The author of *Red Phoenix* and *Vortex* outdoes himself—with an

epic adventure straight out of tomorrow's headlines. When France and Germany unite against America, Britain and the Eastern European democracies, the former Soviet Union is caught in the middle of a trade war that turns into a shooting war.

Black Ops Universal Sales & Marketing

For more than a decade, America has been waging a new kind of war against the financial networks of rogue regimes, proliferators, terrorist groups, and criminal syndicates. Juan Zarate, a chief architect of modern financial warfare and a former senior Treasury and White House official, pulls back the curtain on this shadowy world. In this gripping story, he explains in unprecedented detail how a small, dedicated group of officials redefined the Treasury's role and used its unique powers, relationships, and reputation to apply financial pressure against America's enemies. This group unleashed a new brand of financial power—one that leveraged the private sector and banks directly to isolate rogues from the international financial system. By harnessing the forces of globalization and the centrality of the American market and dollar, Treasury developed a new way of undermining America's foes. Treasury and its tools soon became, and remain, critical in the most vital geopolitical challenges facing the United States, including terrorism, nuclear proliferation, and the regimes in Iran, North Korea, and Syria. This book is the definitive account, by an unparalleled expert, of how financial warfare has taken pride of place in American foreign policy and how America's competitors and enemies are now learning to use this type of power themselves. This is the unique story of the United States' financial war campaigns and the contours and uses of financial power, and of the warfare to come.

The Weapon Wizards Presidio Press

Provides a collection of thought-provoking essays that look into the dehumanizing core of modern civilization, and the ideas that have given rise to the anarcho-primitivist movement. This edition includes 18 additional essays and feral illustrations by R.L.

Tubbesing. --From publisher description.

America the Vulnerable McFarland

NATIONAL BESTSELLER A revelatory account of the cloak-and-dagger Israeli campaign to target the finances fueling terror organizations--an effort that became the blueprint for U.S. efforts to combat threats like ISIS and drug cartels. ISIS boasted \$2.4 billion of revenue in 2015, yet for too long the global war on terror overlooked financial warfare as an offensive strategy. "Harpoon," the creation of Mossad legend Meir Dagan, directed spies, soldiers, and attorneys to disrupt and destroy money pipelines and financial institutions that paid for the bloodshed perpetrated by Hamas, Hezbollah, and other groups. Written by an attorney who worked with Harpoon and a bestselling journalist, Harpoon offers a gripping story of the Israeli-led effort, now joined by the Americans, to choke off the terrorists' oxygen supply, money, via unconventional warfare.

War with the Newts Red Cell Ig

Since the beginning of the Global War on Terrorism, the US Army Training and Doctrine Command (TRADOC) has captured the experiences of Soldiers as they conducted difficult operations across the world in a variety of important ways. Historical accounts of the US Army's campaigns play a critical role in this process by offering insights from the past to assist Soldiers with their current—and future—operational challenges. This volume, A

Different Kind of War, is the first comprehensive study of the US Army's experience in Afghanistan during the first 4 years of Operation ENDURING FREEDOM (OEF). The work focuses on Army operations in the larger Joint and Coalition campaign that evolved between October 2001 and September 2005. Beginning with a description of the successful offensive against the Taliban regime, launched in late 2001 in response to the attacks of 9/11, the book then shifts to the less well-understood campaign that began in 2002 to establish a peaceful and politically stable Afghanistan. A Different Kind of War is balanced and honest. Its publication is particularly timely as both the Army and the Department of Defense are beginning to reassess and restructure the campaign in Afghanistan. This study will shed a great deal of light on the overall course of OEF. As the title suggests, the campaign in Afghanistan was unique. While its initial phases featured the use of small teams of Special Operations Forces and air power, the campaign after 2002 evolved into a broader effort in which conventional forces were responsible for the creation of security, reconstruction, and programs to train the Afghan Army. Overall, the story in these pages is one of a relatively small number of Soldiers conducting multifaceted operations on difficult terrain and within a complex cultural environment. A Different Kind of War was written in recognition of all the men and women who served in Afghanistan to bring stability and prosperity to that country while protecting the security of the United States. Their experiences chronicled in this book will help inform and educate all those who serve the Nation today and in the future.

The Enemy Within ABC-CLIO

This comprehensive worldwide study catalogs terrorist attacks in 2018, during which the Islamic State continued its decline from a quasi-government commanding territory the size of the United Kingdom to a more traditional terrorist network controlling just 1000 square miles. Yet IS still boasts 30,000 adherents in Syria and Iraq, with many others awaiting plans for attacks in their home nations. Organized by region and country, this volume covers domestic and international incidents around the world, outlining significant trends. The author offers several indicators of what to watch in the coming years. The single-year format allows readers access to the most up-to-date information on terrorism, while geographic focus more easily facilitates regional comparison.

Strategic Appraisal Rand Corporation

“She saw: first, a square opening, about eight inches wide, in the lowest step...finally she saw that there was a walnut shell, or half one, outside the nearest door...she went to look at the shell—but looked with the greatest astonishment. There was a baby in it.” So ten-year-old Maria, orphaned mistress of Malplaquet, discovers the secret of her deteriorating estate: on a deserted island at its far corner, in the temple long ago nicknamed Mistress Masham’s Repose, live an entire community of people—“The People,” as they call themselves—all only inches tall. With the help of her only friend—the absurdly erudite Professor—Maria soon learns that this settlement is no less than the kingdom of Lilliput (first seen in Gulliver’s Travels) in exile. Safely hidden for centuries, the Lilliputians are at first endangered by Maria’s well-meaning but clumsy attempts to make their lives easier, but their situation grows truly ominous

when they are discovered by Maria's greedy guardians, who look at The People and see only a bundle of money.

Workplace Violence Hachette Books

The untold story of the Ya'mas, Israel's special forces undercover team that infiltrated Palestinian terrorist strongholds during the Second Intifada. It was the deadliest terror campaign ever mounted against a nation in modern times: the al-Aqsa, or Second, Intifada. This is the untold story of how Israel fought back with an elite force of undercover operatives, drawn from the nation's diverse backgrounds and ethnicities--and united in their ability to walk among the enemy as no one else dared. Beginning in late 2000, as black smoke rose from burning tires and rioters threw rocks in the streets, Hamas, Islamic Jihad, and Arafat's Palestinian Authority embarked on a strategy of sending their terrorists to slip undetected into Israel's towns and cities to set

the country ablaze, unleashing suicide attacks at bus stops, discos, pizzerias--wherever people gathered. But Israel fielded some of the most capable and cunning special operations forces in the world. The Ya'mas, Israel National Police Border Guard undercover counterterrorists special operations units, became Israel's eyes-on-target response. Launched on intelligence provided by the Shin Bet, indigenous Arabic-speaking Dovrim, or "Speakers," operating in the West Bank, Jerusalem, and Gaza infiltrated the treacherous confines where the terrorists lived hidden in plain sight, and set the stage for the intrepid tactical specialists who often found themselves under fire and outnumbered in their effort to apprehend those responsible for the carnage inside Israel. This is their compelling true story: a tale of daring and deception that could happen only in the powder keg of the modern Middle East. INCLUDES PHOTOGRAPHS AND MAPS
